

Here's a Money-Making Opportunity  
Five, Ten or Twelve Acres  
PROFITABLE PRODUCING

# AVOCADO GROVES

These profitable groves are located within forty-five minutes drive of Los Angeles in one of the most improved and desired suburban districts.

The trees range in age from 4 to 8 years and are now heavily laden with fruit.

No charge for fruit now on the trees if purchased on or before October 15!

After that date the fruit will be reserved. The price quoted on each grove is based upon the actual VALUE of the land and the VALUE of the trees as INCOME PRODUCERS.

Because of extensive improvements in the East side, any one of these groves should enhance anywhere from 100% to 300% in value in the next few years as a result of the demand for suburban homesites in this particularly attractive district.

The income from this year's crop will go a long way towards making the first payment on the land—and it might exceed that amount!

Terms are 20% Cash and the balance in 5 equal annual payments.

In this same district Avocado groves are priced at from \$5000 to \$10,000 an acre. Considerably more than we are asking for any one of the above mentioned groves.

HERE'S AN OPPORTUNITY to enter the AVOCADO industry and make MONEY right from the beginning. This year's crop included in purchase price only until October 15; after that date all fruit reserved.

For detailed information as to location, price, terms, etc., fill in coupon below, telephone or call at the office.

## EVANS HOLDING LEAD IN NINTH

Congressional Race Close and Still Undecided

Randall Predicts Election Without Nomination

Day of Counting Adds Heavily to Crail Majority

W. E. Evans was assured of nomination over Charles H. Randall in the Republican contest in the Ninth Congressional District last night with only six precincts missing.

In 1919 precincts Evans led Randall by 4604 votes. Evans based his campaign on support of President Coolidge.

The counting of the votes in the contest for the Republican nomination in the Ninth Congressional District during the day added to the large majority piled up by Joe Crail over Congressman Crisswell and Lin William Price.

All through the day Randall trailed a slight distance behind Evans, sometimes dropping back to pick up again. Harold B. Landreth followed several thousand votes behind Randall, while Supervisor Wright trailed the field with a tenth of the vote.

Randall won the Democratic nomination in the Ninth Congressional District over Murphy by nearly a two-to-one vote.

WHAT RANDALL SAYS  
Counsellman Randall yesterday issued the following statement:

"No matter whether or not I receive the Republican nomination over Mr. Evans, the gratifying vote given me assures my election in November.

"I have not one word to say to the Republican nomination, yet my election occurred after time, and of course, by a preponderance of Republican votes.

"The misrepresentations which are repeatedly made have deceived many voters. My appearance on other ballots does not affect in any way the choice which Republican voters make of their own candidates.

"Mr. Landreth and Mr. Wright have carried on a dignified campaign, and all right minded voters will give them for keeping on a high plane, free from attacks upon other candidates. I wish to have every loyal friend and supporter accept my heartfelt gratitude for the wonderful expression of confidence which the returns contain."

DEBILITY RETURNS  
The following returns were received last night by the Associated Press:

First District—Congressman Clarence Lee, a Democrat, was leading his opponent, Will Falley, City Clerk of Mill Valley, by more than four to one in the First Congressional District. Returns from 106 precincts gave Lee 18,977, Falley 4,811.

Second District—Harry L. Englebright, a vet., who had been leading in the Second Congressional District for the Republican nomination, yesterday forged ahead of F. G. Stevenson, non-Union, and was ahead of a large field. The vote in twelve counties reporting was: Englebright, 21,835; Stevenson, 18,839; Powers, 21,800 and DeWitt, 17,323.

Third District—Congressman Curry was far in the lead of his only opponent, William N. Walker, in the Third Congressional District. Returns from 106 precincts gave Curry 21,835, Walker 14,422.

Fourth District—Mr. Florence Kahn, widow of former Congressman Kahn, and his successor in office, captured handsily the Republican nomination in the Fourth Congressional District. San Francisco, but must meet Chauncey Trammello, Democrat, in the general election. The vote, complete: Mrs. Kahn, 22,153; Trammello, 6,881; Lazarus, 2,859; Durr, 4,164; Mrs. Hamilton, 2,842.

Fifth District—Richard J. Welch, San Francisco County Supervisor, led the Republican nomination over a large field in the Fifth Congressional District, and was also elected to the unexpired term of the late Congressman Flaherty. The vote, complete, was: Welch, 22,245; Merritt, 9,047; Von Kraatz, 4,454; Johnson, 4,329.

Sixth District—Congressman Carter was unopposed.

Seventh District—Congressman Barbour appeared to be well in the lead of his opponent, E. G. Irwin, in the Seventh Congressional District. Returns from 106 precincts gave Barbour 14,240, Irwin, 2,854.

Eighth District—Congressman Free was slightly ahead of Percy O'Connor for the Republican nomination in the Eighth Congressional District on scattering and incomplete returns yesterday.

Fifth District—Congressman Free was slightly ahead of Percy O'Connor for the Republican nomination in the Fifth Congressional District on scattering and incomplete returns yesterday.

Ninth District—Congressman Free was slightly ahead of Percy O'Connor for the Republican nomination in the Ninth Congressional District on scattering and incomplete returns yesterday.

Tenth District—Congressman Free was slightly ahead of Percy O'Connor for the Republican nomination in the Tenth Congressional District on scattering and incomplete returns yesterday.

Eleventh District—Congressman Free was slightly ahead of Percy O'Connor for the Republican nomination in the Eleventh Congressional District on scattering and incomplete returns yesterday.

## BOND VOTE OVERWHELMING

Chiefs of Water and Power Bureaus Gratified at Four to One Victory of \$21,000,000 Issues

Semiofficial returns from virtually all of the 1914 Los Angeles city precincts at which votes were cast at Tuesday's special municipal election showed that the \$21,000,000 water bonds have carried by more than four to one and that the \$11,000,000 power bonds had been authorized by slightly less than four to one.

The overwhelming vote received in favor of the water and power bond issues was the subject of expressions of appreciation yesterday by Chief Engineer Mulholland of the Bureau of Water Works and Supply and by Chief Electrical Engineer Scattergood of the Municipal Power Bureau.

The tremendous vote in favor of the water and power bond issues, said Mr. Mulholland, "discloses that the people of Los Angeles fully realize the vital importance of these two municipal utilities, and appreciate the absolute necessity of expanding these systems from time to time to meet Los Angeles' growing needs."

"Naturally, those of us who have the responsibility of managing and operating the city's great water and power enterprises are deeply gratified at the manner in which the two bond issues were decisively approved."

"The issuance of bond funds, from time to time, to finance necessary water and power development work, and extension to the utility systems is, of course, a common business necessity. Every large utility or business, whether privately or publicly owned, must make such investments if it hopes to grow and prosper."

"The fact that it is necessary for the municipal water and power systems to make these investments indicates that our city is growing and prospering. These investments are unmistakable signs of progress and prosperity."

Mr. Scattergood, chief electrical engineer and general manager of the Municipal Power Bureau, in expressing his appreciation of the large vote cast in favor of the bonds, said:

"It is most gratifying and reassuring to us all that the water and power bonds have been given a majority vote amounting to about four to one."

"We always have had an unshakable confidence in the citizens of Los Angeles, and their willingness to desire to do their part in making possible the necessary expansions of these two great municipal enterprises—the city's water and power systems."

"Power and water are basic necessities of life and growth in this city. Los Angeles can expand and prosper only to the extent that these necessities are provided to meet an ever-increasing demand."

The major projects for which the \$21,000,000 water bond issue is to be raised are as follows:

(1) Complete the payments on \$5,000,000 of water-bearing land bought by the City in Owens Valley, and the purchase of 15,000 acres additional.

(2) Construction of a number of water distributing trunk lines and additional storage reservoirs in Los Angeles.

POWER PROJECTS  
Proceeds from the \$11,000,000 power bond issue are to be invested to finance the following programs:

(1) Installation of generating facilities and the construction of a new water-regulating reservoir necessary for the development of 28,000 additional horsepower of hydroelectric energy at Power Plant No. 1, along the Aqueduct.

(2) Construction of additional capacity for the receiving of electricity at the Power Bureau's central receiving station, one at Ninety-fifth street and Central avenue and another in the Harbor District, and the purchase of rights of way for a continuation of a high-voltage belt line, which, when completed, will encircle the city.

(3) Purchase of privately owned distributing systems in areas recently acquired by the city, in order to extend to these districts the advantages of the lower rates charged by the Municipal Power Bureau.

A KEEN THIRST  
Her friend (according to London Mail)—I lunched with your favorite today, darling. Hope you don't mind. Herself—Not a bit. His stenographer must be away ill.

## LEAGUE FAVORS COURT DEMAND

(Continued from First Page)  
dispute or questions in which the United States has or claims an interest.

The other reservations under which the United States is willing to adhere to the court are:

First, adherence shall not involve legal rights of the United States or of Nations or the assumption of obligations by the United States under the Treaty of Versailles.

Second, equally shall be given American representatives with members of the Council and Assembly of the League of Nations by the election of judges and other officers of the court and for filling vacancies.

Third, the United States shall pay a fair share of the expenses of the court.

Fourth, the United States may withdraw at any time from its adherence.

The American reservations were adopted January 27 by the United States Senate in deciding, by a vote of 76 to 17 to join the World Court.

The Permanent Court of International Justice was created by the League of Nations and is composed of men of high international standing from all parts of the world and representing all systems of thought and law.

The purpose of the court is to settle disputes on the basis of law and justice, rather than on political expediency.

Representatives of eighteen countries are attending the conference to discuss the American reservations.

It is the belief of representatives of the powers in the Council of the League of Nations that if the American reservations should be accepted, such an arrangement will give the United States a privileged position as compared with members of the council. It is pointed out that if members of the council are parties to a dispute their vote will not be counted on the question of whether an advisory opinion should be asked of the court, whereas the United States, not being a member of the council, would enjoy a perpetual veto.

By some of the prominent members of the court the opinion is held that if the advisory function of the court is weakened it might prove disastrous to the court.

Opposition to the reservation that the statutes of the court can not be amended without the consent of the United States cropped up rather unexpectedly. It was led by Sir George Foster of Canada, who declared this reservation would prevent members of the League, to which the United States has no obligations, from ever amending the court statutes without American permission. He remarked that League members might deem some amendment necessary in the future, and he doubted the wisdom of the American "inhibition."

The Canadian delegate's position was warmly supported by M. Markovitch, former Minister of Justice of Yugoslavia.

The stipulation as to amendment of the statutes of the court is made in the fourth of the reservations adopted by the United States Senate.

RESERVATION UNACCEPTABLE  
M. Markovitch held that if the United States merely wants to participate in the proceedings for

## AMERICAN NETMEN SWEEP BACK FRENCH ATTACK

### CORE TWO VICTORIES IN NATIONAL DOUBLES PLAY

**Johnston and Chandler Rally to Win Hard Match; Williams, Richards Impressive**

BROOKLINE (Mass.) Sept. 1.—(AP)—America today repulsed the first of three thrusts by France at her international tennis supremacy with two crushing triumphs in the quarter finals of the national doubles championship.

Sweeping back the Tricolor attack with rackets which neither gave nor asked quarter, R. Norris Williams and Vincent Richards, defending titleholders, rode a 6-1, 6-2, 1-6, 6-3, in the first of the battles.

William M. Johnston, veteran California star, then fought back with his college partner, Edward G. Chandler, to complete America's day of victory by overwhelming Jean Borotra and Rene La Coe with a sensational finish, 6-6, 6-4, 6-2.

Thus, for the second time in consecutive years in the national team event, the drive of France was checked before the semifinals by American players and for the first time since Borotra and La Coe found reason by stopping William T. Tilden and Richards in the national indoor championship last winter, winners of the net game on this side of the Atlantic were given definite assurance that America's Davis Cup defenders still retain all the commanding power and skill under

## PAUL DE HATE HANDS SILVER SEVERE TROUNCING

### HORNSBY STAR OF CARDS' WIN

**Mighty Rogers Crashes Out Home Run and Triple**

**Ray Kremer is Battered to Showers by Cardinals**

**Pirates Turned Back Again by Southpaw Reinhart**

ST. LOUIS, Sept. 1. (AP)—The St. Louis Cardinals tightened their hold on first place in the thrilling National League pennant race by knocking Ray Kremer out of the box in the seventh inning today and taking the final game of the series from the Pittsburgh Pirates, 5 to 2.

Manager Rogers Hornsby regained his batting eye, smashing out a home run and a triple. This was the fourth consecutive victory of the Cardinals over the Pirates. The Cardinals thus increased their percentage to .883, seven points above Cincinnati, which did not play today, and twelve points above Pittsburgh.

The Cardinals finished their final stay at home with a record of fifteen games won and five lost. They left tonight for Chicago, where they play a double-header tomorrow, and will not play again on the home diamond this season unless it is in the world series.

**HIT KREMER HARD**

Hornsby's men nipped Kremer for eleven hits before he was taken out in the seventh. The Pirates ace apparently was still tired after Monday's game, in which he held the Cardinals to two hits and shut them out. Arthur Reinhart, southpaw, held the visitors to six scattered hits. The Cardinals scored two runs in the sixth on singles by Bell and O'Parrell, aided by Rawlings's error. Hornsby started the scoring in the seventh by a tremendous drive into the right-center-field pavilion for a home run, bottom-stemly singled and scored on Bell's double. Then Hater singled, scoring Bell.

The Pirates scored the first run of the game in the third when Southworth dropped Traynor's fly and it went for a two-base hit, scoring Mueller, who had singled. Pittsburgh's other score was in the ninth, Spencer doubling and scoring on a sacrifice by Murphy.

**ATTENDANCE RECORD**

The paid attendance was 34,354, making a total of 113,133 for the series and establishing a new record for St. Louis. Score:

PITTSBURGH	ST. LOUIS
Wentz, 4	Wentz, 4
Carroll, 4	Carroll, 4

### INTRODUCING THE McLARNINS

**"Pop" Foster and His Fistic Prides**

**Compton Lad Pulls Surprise at Olympic Arena**

**Bay City Welter is Floored in Eighth Round**

**Billy Vincent Victorious Over Johnny Grella**

BY PAUL LOWRY

Master Sidney Ziff's maiden efforts as a fight promoter turned out to be a wow. Paul DeHate, who has fought a few main events in this city, was the average citizen's most surprising victory of the year when he defeated long Jack Silver of San Francisco in the ten-round main event at the Olympic Auditorium last night.

From the second round, when he all but rocked the funny-looking Bay City scrapper to sleep, DeHate had the bout well in hand. Silver never seemed to recover from the soaking he took in the second round and went the rest of the way in a semicoma. His eyes had a glassy stupor and though he fought courageously he was never able to fashion an offensive that DeHate could not more than offset with counterpunching or a two-fisted attack of his own.

**SMASHED TO FLOOR**

In the eighth round the tall lad who defeated Mushy Callahan in San Francisco was dropped by DeHate with a short, sharp right-hand punch to the chin. He was up without a count, but wobbled on his pins, just as he had wobbled in several other rounds from belts to the jaw.

It was really a DeHate night from the first round, for although Silver won this canto, the Compton lad gave an indication of what was coming by nearly upsetting the northerner with a left hook to the face.

Curiously enough, Silver, very clever boxer, chose to mix it with DeHate, a slugger, from the first bell, and this really spelled his ruin. Silver won the first and ninth rounds. The fifth was even, and DeHate took the remainder.

**ROCKED IN MOUTH**

However, DeHate did not come off unscathed. Silver's long right several times found its mark on the Compton boy's mouth and it was a raw red when the fight ended.

The outcome upset all the odds. Silver defeated Oakland Jimmy Duffy and the latter easily beat DeHate in the Vernon Silver weighed 138 3-4 and DeHate 140 1-2. The crowd was estimated at 8000.

In the semi-main event, Billy Vincent grabbed the decision from Johnny Grella in another of their torrid battles. Johnny started too late, and though he had the fifth round by a big margin, Vincent's edge in the other rounds was too big to overlook. Vincent was nearly dropped by a left hook in the sixth round.

The other bouts resulted as follows: Frankie Tierney defeated Jackie Johnson in six rounds; Jack Campbell won from Frankie Flores in four rounds, and Joe Bell knocked out Tony Flores in the third round of a scheduled four-round bout.

**MORRISON IN DRAW WITH TIGER CLINE**

Vic Morrison, San Francisco welterweight held Tiger Johnny Cline to a draw in the feature event of the Wilmington Bowl card last night. Morrison did all of the leading and might have been given the verdict. Joe Chaney of Fresno, won from Sailor Ray Bailey in the semi-main event. Tony Herrera and Sailor Joe Benney put on one of the best battles in the history of the arena with the former winning. Billy Montoya knocked out Chris Cardinas in two rounds, and Lewis Mitchell drew with Ed Rucker.

Sammy has had no professional bouts. Jimmy, when he broke in here two years ago, was comparatively unknown, but had engaged in several dozen battles. He started his local victories by passing Benny Diaz

**ROCKED IN MOUTH**

However, DeHate did not come off unscathed. Silver's long right several times found its mark on the Compton boy's mouth and it was a raw red when the fight ended.

The outcome upset all the odds. Silver defeated Oakland Jimmy Duffy and the latter easily beat DeHate in the Vernon Silver weighed 138 3-4 and DeHate 140 1-2. The crowd was estimated at 8000.

In the semi-main event, Billy Vincent grabbed the decision from Johnny Grella in another of their torrid battles. Johnny started too late, and though he had the fifth round by a big margin, Vincent's edge in the other rounds was too big to overlook. Vincent was nearly dropped by a left hook in the sixth round.

The other bouts resulted as follows: Frankie Tierney defeated Jackie Johnson in six rounds; Jack Campbell won from Frankie Flores in four rounds, and Joe Bell knocked out Tony Flores in the third round of a scheduled four-round bout.

**MORRISON IN DRAW WITH TIGER CLINE**

Vic Morrison, San Francisco welterweight held Tiger Johnny Cline to a draw in the feature event of the Wilmington Bowl card last night. Morrison did all of the leading and might have been given the verdict. Joe Chaney of Fresno, won from Sailor Ray Bailey in the semi-main event. Tony Herrera and Sailor Joe Benney put on one of the best battles in the history of the arena with the former winning. Billy Montoya knocked out Chris Cardinas in two rounds, and Lewis Mitchell drew with Ed Rucker.

Sammy has had no professional bouts. Jimmy, when he broke in here two years ago, was comparatively unknown, but had engaged in several dozen battles. He started his local victories by passing Benny Diaz

### HAMILTON HIT HARD BY STARS

**Movie City Athletes Bunch Raps in Two Innings**

**Seraphs Overcome Lead and Then Fall by Wayside**

**Harry O'Neill Pitches Good Ball for Hollywood**

BY ROBERT RAY

Substantiating the moth-eaten theory that truth is stranger, as well as stronger, than fiction, Oscar Vitell's Stars from Hollywood made it two straight over the league—leading Angels in yesterday's shilly at Wrigley Field.

The score was 7 to 3 and another of the Angels' big four, "Ole" Hamilton, this time, was the hurting victim.

The stars slugged the Seraphs southpaw for fourteen hits, nine of which were bunched in the second and eighth innings, three Hollywood runs resulting in both rounds.

Harry O'Neill, a chucker from Canada, did the flinging for the Stars and got by in fine style despite the fact that the Angels nipped him for eleven strikes. Harry also had numerous arguments with Umpire Beck, who had a tough time behind the plate yesterday, but surmounted all difficulties and came through with flying colors, as the saying goes.

**TEX AND A HALF LEAD**

Inasmuch as Oakland defeated Seattle again yesterday, the Angels' lead was cut to ten and a half games, which still is quite a tidy margin.

The Stars started the scoring in the second when they bunched four hits with an error by Jaha for three runs. Sheehan led off with a single to left and went to second when Jaha let the ball bounce off his knee. Frederick sacrificed Sheehan to third.

When Hamilton fanned, Leslie for the second out it looked as if he had pulled out of danger. However, Johnny Kerr plunged "Ole" into trouble deeper than ever by slapping a hit to right, Sheehan scoring. Peters also singled. O'Neill hit a short one

### TUNNEY MOVES CAMP

**Challenger Receives Rousing Welcome as He Passes Through Philadelphia En Route to Stroudsburg**

BY WESTBROOK FEEGLER

PHILADELPHIA (Pa.) Sept. 1. (Exclusive)—On behalf of the citizens of Philadelphia, Mayor Freeland Kendrick today felt Gene Tunney's muscles, took note of his appetite, he him say "Ah-h-h" and counted his teeth in an inspection ceremony, arranged to ascertain whether the other fellow in the large fight of September 24 complies with the catalog description. The festivities kicked up quite a dust at the Sequelcentennial grounds and caused some terrific congestion in town, for a company of marines from the Sequelcentennial detail fell in as an escort for the redneck prizefighter and a Marine band blew melodious gusts through a number of slide-horns, trumpets and kindred sweet-toothed plumbing.

Tunney went through Philadelphia and oil-stove cuisine until the day after the fight. As he passed through New York, his manager, Will O'Brien, Tex Rickard and a delegation of where he will now dig in and content himself with pump-water shaves

### Jack Dempsey Money Floods Old Broadway

Left to right, Jimmy McLarnin, "Pop" Foster and Sammy McLarnin

BY BRAVEN DYER

TWO years ago this month a freckle-faced Irish kid made his local pugilistic debut under the roof of Jack Doyle's Vernon arena. So impressive was his showing and so swift his advancement that with- in four weeks he had met and defeated Fidel La Barba, the lad who later became, and still is, flyweight champion of the world.

The sensation—for such he turned out to be—was Jimmy McLarnin. "Pop" Foster's Irish wizard. Every boxing fan on the Coast knows Jimmy now, and few there are who will miss a show when he's on the card.

This story, however, has to do with another McLarnin, Jimmy's younger brother, Sammy. While Jimmy claims to be 30 years of age, there are plenty to doubt this for he looks about 16 and fights as if he'd been doing out- lookings for ten years or more.

Sammy has just passed his eighteenth birthday and whereas Jimmy was born in Ireland, the younger brother first saw the light of day in Canada. He is making a bona fide professional debut under the same roof where Jimmy first won the hearts of local fans, the two appearing on next Tuesday night's card at Vernon.

Sammy has had no professional bouts. Jimmy, when he broke in here two years ago, was comparatively unknown, but had engaged in several dozen battles. He started his local victories by passing Benny Diaz

## Rebuttal Given to Coolidge Board

## Denies Lack of Federal Jurisdiction

## Conference on Conservation

WASHINGTON, Sept. 1. (AP)—President Coolidge's oil board received a rebuttal from Henry L. Doherty, New York oil magnate, in the took sharp issue with conclusions of former Secretary of State E. Hughes, now counsel for the American Petroleum Institute, who hold that the nation's oil industry will best be served by regulation and avoidance of government interference. The Doherty rebuttal, made public by Secretary of the board's chairman, was of a rebuttal to views of Mr. Hughes, given at a public meeting of the board in May.

BURGLARS MAY BE SURPRISED

Stolen Liquor Cured Looks Drinkable, But Has Death Wall

CHICAGO, Sept. 1. (Exclusive)—Burglars who have been raiding the office of a firm of medicine manufacturers are not being sought by the police, but hospitals and coroners' assistants were notified to be on the lookout for them.

The plunder consisted of raw alcohol and \$400 worth of a solution of ipecac, two quarts, pleasantly disguised in spirituous form, the mixture being unlabeled and was compounded for use in specific cures for alcoholism.

The alcohol was of high quality, but of the mixture is taken in anything above the specified dose it may kill the drinker, or at least send him to a hospital.

It is further thought in some quarters that, having failed to obtain the commission's support for a permanent chair, Spain will not send delegates to the forthcoming Council or Assembly.

The substance of the remarks of all the delegates was that Germany alone could be attributed a permanent seat at this session, and they hoped Spain and also Poland and China, would accept the semi-permanent arrangement and defer pressing their claims for permanent representation on the Council.

Dr. Guani of Uruguay said that, although Latin America had great sympathy for the mother country, motives of principle kept it from supporting Spain's pretensions.

Spain's hope of obtaining satisfaction was definitely lost.

The commission will meet again tomorrow evening to adopt Dr. Mott's report to the Council, in which the viewpoint of Spain, Poland and China will be incorporated.

The reconstruction scheme provided for nine temporary seats instead of six at present. Three of these will be allotted to Latin America. The permanent seats are held by Great Britain, France, Italy and Japan, the first to go to Germany when she enters the League.

By the new plan, Spain and Poland will each get a temporary seat for three years and they may be declared re-eligible by the League Assembly, thus providing for a possible permanency for these countries.

By the new plan, Spain and Poland will each get a temporary seat for three years and they may be declared re-eligible by the League Assembly, thus providing for a possible permanency for these countries.

SPAIN DENIED LEAGUE PLEA

Refusal of Permanent Seat Terminates Work of Revamping Structure of Council

GENEVA, Sept. 1. (U.P.)—By declining to endorse Spain's demand for a permanent seat in the League of Nations Council, and by adopting the Franco-British draft scheme for the Council's reorganization, the commission charged with the task of revamping the structure of the Council terminated tonight its labors, begun last May.

Although the Spanish delegate, Senor Palacio, received multiple tributes on his country's contributions to the work of the League and on Spain's role throughout Europe's history, the impression in Geneva, reinforced by reports from the Spanish frontier, is that Spain will not be satisfied with these semi-permanent seat arrangements envisaged by the Cecil-Fromageot reorganization scheme.

It is further thought in some quarters that, having failed to obtain the commission's support for a permanent chair, Spain will not send delegates to the forthcoming Council or Assembly.

The substance of the remarks of all the delegates was that Germany alone could be attributed a permanent seat at this session, and they hoped Spain and also Poland and China, would accept the semi-permanent arrangement and defer pressing their claims for permanent representation on the Council.

Dr. Guani of Uruguay said that, although Latin America had great sympathy for the mother country, motives of principle kept it from supporting Spain's pretensions.

NORTHERN ALIEN CURB HELD WEAK

Immigration Chief Says Many Foreigners Ship Over Border Illegally

WASHINGTON, Sept. 1. (U.P.)—Present immigration forces, although doing all they can to enforce the law, are inadequate to cope with conditions along the Canadian border, where thousands of aliens are seeking to gain access illegally to the United States, Harry E. Hull, Commissioner General of Immigration, declared on his return from an inspection trip.

In addition to keeping out aliens seeking entry by illegal methods, he said, immigration officers on the northern border are faced with the daily task of examining 100,000 aliens seeking admission through regular channels.

"The task," he asserted, "is an enormous one and for its successful accomplishment no expenditure of funds or personnel should be spared."

Practically the entire length of the Canadian boundary was found to be lined with aliens ready to take advantage of an unpatrolled stretch slip into American territory, the commissioner said, adding that there was no doubt that many cunning smuggling gangs were operating.

Aliens have been apprehended, he reported, crawling over the bridge under the Niagara Falls bridge where confederates had been posted on both ends to aid them in scaling the cliffs. Others, he said, go on foot for weeks to find some point on the border not adequately guarded or resort to matrimony to avoid the quota restrictions.

Bartholomew McGuffey is a good-looking fellow among his fellow workers at Capt. Scraggs, and Mr. Gibney was suddenly aware that goose-flesh was breaking out on the backs of his sturdy legs.

He had a haunting sensation that not only had he crawled into a hole, but he had pulled the entire aperture of the hole into his skin.

Then he groined to Tolo-Tolo, personal representative to the King.

## B. A. Dyas Co.

### VILLE DE PARIS

Seventh at Olive

## "Off to School" Means Dyas Savings!

SCHOOL fashions—school news—school supplies to be checked over—these are in the air when September arrives with "first-day-of-school" imminent. And September means a host of all those needs of the younger set carefully assembled at the Dyas Company—priced for the whole term's economies!

### The New Fall Coats are Charming! Starting at \$25.00!

THERE'S both a sporting air, and a suggestion of wintry warmth in these breezy coats! Camel-hair—soft plaids—inviting, are they not? Following adult fashions by means of large fur collars, in many cases!

In sizes 12 to 15. Moderately priced \$25.00 to \$79.50!

### The Wash Frock is So Useful! \$3.45!

ON these "what shall I wear" days, the little frock that can be tubbed is always the comfortable choice. And when they have dainty basque waists, circular skirts, shirred or straight skirts, Miss 8-to-14 will want several—at \$3.45! In prints, gingham and broadcloths! A few with bloomers.

### Girls' Hats for Fall, Never More Varied: \$4.95

VELOURS, velvets, felts—chosen in colors that will match or contrast with school costumes! With generous brims, or snug ones—cunning turn-down affairs, ornamented with feather or ribbon cockades!

### Necessities for All-Fall Wearing, Low-Priced Indeed—

#### Snug Corduroy Robes: \$2.95!

Whether your school is at home, or away, here are the soft robes you will want . . . in blue or rose, sizes 8 to 14!

#### Baronette Satin Slips: \$2.95!

Shining Rayon satin, in the bodice top style that Mother wears . . . in white, pink, peach and green. Sizes 12, 14, 16!

#### Gowns and Pajamas: \$1.25 to \$5.00

Such a varied assortment—whether you prefer the dainty gown or the boyish pajama! Chosen with exceptional economies in mind!

THE DYAS COMPANY—FOURTH FLOOR

### Silk Dresses May be Very Smart at \$16.75!

BUT, it's not usual that they can be quite so smart as the Dyas group! You may choose from satin, because it's so very new, or from crepe de chine, because it's so "young round"—and the neck-lines, colors, sleeves are intriguing! In sizes 12 to 15.

### Exactly Right for Fall! Girls' Wool Dresses: \$5.95

IN smart, light-weight wools! Dresses in the lovely autumnal shades, of tan, green, rust, blue, navy, red! Dress making use, in some instances, of brief pleated skirts—of contrasting colors, of one or two-piece styles!

### Remember that the Dyas Company Features Regulation School Wear!

#### Regulation Middies: \$1.95!

Just as schools require them—even to the detachable collars and cuffs of navy serge. In fine, firm twill, sizes 6 to 22.

All-white Middies, braid-trimmed, long-sleeved, sizes 6 to 22; \$1.95!

#### Gymnasium Bloomers: \$1.75!

Black sateen bloomers in a full pleated style, in sizes 8 to 22!

#### "Zip Knick" Bloomers: \$2.50!

A well-fitting new gymnasium bloomer of black sateen—made with straight leg, with inside knit cuff, for perfect fit—fastening with "zipper" at the side!

#### Girls' School Skirts: \$4.95!

Navy blue French serge skirts, with 1½-inch pleats, made on detachable waists. Sizes 6 to 16!

#### Girls' Broadcloth Overblouses,

In white, or white with tan, long sleeves: \$2.50!

#### Windoor Middy Ties,

In black, red and navy, specially priced: 95c!

THE DYAS COMPANY—FOURTH FLOOR

### LITTLE HOPE FOR FRANKS BOY KILLERS

Judge Caverly Recalls Recommendation That No Pardons be Given

CHICAGO, Sept. 1. (Exclusive)—Nathan F. Leopold, Jr., and Richard Louis, murderers of little Bobbie Franks, have little chance of ever going free, no matter how or when they become eligible to parole, according to Judge Caverly, who sentenced them to "life," and State's Attorney Crowe.

Hinton G. Clabaugh, the new State Supervisor of Pardons and Paroles, in going over the records yesterday, found that the murderers would be eligible to parole in 1955, as Judge Caverly had neglected to specify that the sentences run concurrently.

Judge Caverly recalled today that, in passing sentence, he specifically recommended that the parole privilege be forever denied the killers, and urged that they be kept in prison until death to the end that society might be protected against them.

State's Attorney Crowe said he would fight any attempt to parole the murderers. "For that matter the killers are legally eligible to go free today," he said. "The Governor could pardon them any time. They would be peacefully at rest under the ground and no one would be worrying about them if my plea had been heard at the trial."

Clarence Darrow, who defended the murderers, could not be located today for an opinion. The general public opinion, as represented by the "man in the street," is that some way will be devised to get the murderers free at the earliest possible moment.

Three women climbers, Swiss, French and Italian, lost their lives in the Alps yesterday.

Mme. Angèle Favre, while climbing Schwyz mountain above Sion, fell 150 feet and died soon after her entrance in the hospital.

Mrs. Helen Nehls was struck by falling rocks on Revent above Chamoni and was killed in the presence of her husband, who was uninjured.

Signorino Gatti, 18 years of age, fell eighty feet into a ravine above Bellinzone and was found dead by

### SEER BIDS CHICAGO ADIEU

Hundreds at Mealless Banquet Wait in Vain for Krishnamurti's Mystic Message

CHICAGO, Sept. 1. (Exclusive)—Jiddu Krishnamurti, Hindu mystic and prophet of theosophy, garbed in the white tunic and turban of his race, made his last public farewell to Chicago tonight before an audience of 2200 theosophists and their friends who crowded into the ballroom of the Hotel Sherman to feast upon his words and a vegetable banquet heralded as "the largest mealless feast ever served in America."

The banquet, which consisted of 300 dozen scrambled eggs, mushrooms, fruits, vegetables and ice cream, brought to a close the four-day international theosophical convention. Plans are now under way to have the convention held here again next year.

While in Chicago he has been greatly impressed with the humor and gaiety of the people, Krishnamurti declared, and humor is the greatest of qualities, he said. It helps us overcome the difficulties and tragedies of occidental life, where noise and confusion make contemplation almost impossible.

HAPPINESS SPIRITUAL "But as long as you are happy you are really spiritual," he said. "You are approaching that seriousness which is above all things and alone eternal."

As he spoke those 2200 people hung upon each word, waiting to hear a repetition of the mystic message he is said to have given last year, but they waited in vain. For Krishnamurti declared it was "too stuffy, too crowded and noisy in Chicago for a repetition of the mystic message."

Divine gifts manifest themselves in solitude and contemplation, he said, and he indicated that the Chicago atmosphere contained too much static to receive a message from the other world.

GOAL ANNOUNCED Predicting wider tolerance among world religions in the near future, Dr. Annie Besant, international president of the society, announced a three-fold goal for the coming year—the foundation of a world university with centers in England, India, Holland and California; a federation of all religions; and a revival of the ancient religious mysteries.

At the afternoon session, Dr. Besant conferred third degree rites of the order upon a large class of candidates. Modeled along the lines of the Scottish Rite Masons, the lodge admits both men and women.

Dr. Besant will speak tomorrow on the future of India and will leave Saturday for Minneapolis to begin a speaking tour of American cities.

Krishnamurti will go to his ranch in California for a rest.

At the afternoon session, Dr. Besant conferred third degree rites of the order upon a large class of candidates. Modeled along the lines of the Scottish Rite Masons, the lodge admits both men and women.

### CONSULATE WITHDRAWN BY MEXICO

Nicaraguan Post Closed Following Demonstration Against Country

MEXICO CITY, Sept. 1. (AP)—The Foreign Office announces that the Mexican Consulate in Managua, Nicaragua, has been closed in consequence of a recent demonstration there against Mexico.

Mexico severed diplomatic relations with Nicaragua and withdrew her minister some months ago on the election of Chamorro. Mexico refused to recognize Chamorro, but continued to maintain a consulate at Managua.

The Mexican government has replied officially to Sir Eric Drummond, secretary-general of the League of Nations in Geneva, who recently forwarded to Mexico a note of protest by Nicaragua over an asserted free-booting expedition carried out by an auxiliary Mexican warship to aid the revolutionaries overthrow the Nicaraguan government.

The reply reiterates the recent announcement by Aaron Shenz, Foreign Minister, that Mexico has nothing to do with the League of Nations and the League has nothing to do with Mexico. Mexico's reply was sent by Senator Beasus under instruction from President Calles. It said:

"I have the honor, referring to yours of the 27th, to inform you that Mexico has not any connection whatever with the League of Nations, and to thank you for your attention."

### Crash Injuries Fatal to Plane Record Holder

NEW YORK, Sept. 1. (AP)—Lieut. Cyrus K. Bettis, army flyer, injured in a crash in Pennsylvania last week, died today at the Walter Reed Hospital.

Lieut. Bettis gained outstanding prominence as a flyer by winning the Pulitzer prize races in 1925, at which time he set a record of 248.99 miles an hour. In capturing the trophy for the Army that year, he defeated Lieut. Al Williams, navy flyer, for a long time holder of the air speed record.

### FARM AID DINNER TOPIC

Notables Attend Annual Event and Stress Need for Agricultural Stabilization

SYRACUSE (N. Y.), Sept. 1. (AP)—Frank O. Lowden, former Governor of Illinois, Sherman J. Lowell, member of the United States Tariff Commission, Gov. Smith and Kent Cooper, general manager of the Associated Press, spoke today before a gathering of 300 men prominent in agriculture, education, business and government at the seventh annual farm dinner given by J. D. Barnum, publisher of the Syracuse Post Standard. E. R. Eastman, president of the New York State Agricultural Society, was toastmaster.

The addresses, while bearing on different subjects, all stressed the importance of agriculture in the prosperous growth of the country. Former Gov. Lowden stated that, as to agriculture, "the situation is grave indeed and that the result, fewer farmers, is already in evidence. Some way must be found," he asserted, "to stabilize the price of products of the farm."

DEPLETION OF CONFLICTS The consumer, he said, derives no benefit from the extremely low prices at which agricultural products have at times been sold and "it is equally clear that distributors are able to prevent the wide fluctuations which bring distress to the farmer."

He declared agriculture hereafter must be the chief concern of any nation which would flourish and endure. "We are hearing more and more," he said, "of a conflict between the agricultural West and the industrial East. This bodies ill for both. Nothing but evil in all our history has come from sectional differences. And there is no instance in which a sectional difference has arisen where the injury has not extended to all parts of the common country."

In the long run no national policy can benefit Illinois and hurt New York. The interests of our great country are such that an injury to one part will sooner or later react throughout the breadth and length of the land. There need be no such conflict if we but take a long-time view of the future of our common country."

PRESS EXTOLLED Mr. Cooper stated that accurate reporting of the trend of prices in farm products is aiding the farmer in keeping abreast of the trend of the times. He described the work of the Associated Press in the collection and dissemination of news. "A serious business," he said, "conceived to be one of the greatest of human endeavors and one around which, for your sake, there must be thrown all the safeguards which human ingenuity can devise."

Judge Morgan continued the case until the 8th inst. in order to agree it out.

Had been Robbed Mrs. Lord: The papers say there's not much change in men's clothes. Lord: There's certainly not much in mine.—[London Answers]

### Artillery Hits Small Target at Seven Miles

NEWPORT NEWS (Va.), Sept. 1. (Exclusive)—What artillery experts hail as the most accurate long-range gunnery of the year marked the recent big gun battle practice at Fort Eustis, near here, in which soldiers of Battery E, Fifty-second Coast Artillery, at a distance of more than seven miles, scored a direct hit on a small moving target measuring barely fifteen feet. It was announced today.

Another convincing demonstration of the uncanny accuracy of the high-powered railway guns now in use for sea coast defense was given by the same soldiers.

During the maneuvers an imaginary battleship steaming up the James River, upon reaching a point 12,800 yards off Fort Eustis, was hit eight times within one minute and thirty seconds. Any four of the hits would have sunk a ship, it was estimated.

Mrs. Lord: The papers say there's not much change in men's clothes. Lord: There's certainly not much in mine.—[London Answers]

# Rent This Fine Car! Drive-ur-self

If you do not own a car or are temporarily without one, you can still enjoy an automobile just the same. Have all the gas and oil you need, proper insurance protection and pay only a small cost per mile.

Think of the pleasure of driving a handsome, dark blue, six-cylinder automobile. You travel in comfort and style in a powerful car that you would be proud to call your own.

## Easy to Rent a Car

Just come to one of our stations listed below, get your Identification Card and drive away. We only ask a few questions for your own protection.

## Car Brought to Your Door

If you do not wish to call for the car, just phone our nearest station. Your Identification Card gives you the privilege of having an automobile delivered to your door.

## Drive Anywhere You Please

Take trips around town, or to nearby towns—to the beaches—the parks—the mountains—or travel the Coast highways. Hertz Drive-ur-self Stations are to be found in principal cities on the Pacific Coast from San Diego to Vancouver. You can drive to any city where we have a station, leave the car, and go on by boat or train. Just arrange your trip to please yourself and use the car as if it were your own.

## Sponsored by General Motors

These cars are built for safety, directly under the supervision of General Motors. You get steel running boards, four-wheel brakes, heavy bumpers, new tires and a spare. The car is mechanically perfect, so you have no trouble ahead of you. In traffic, in open country, good roads or bad, it holds its own—gets you there and back.

## Courteous Service

Our courtesy begins the minute you enter a Hertz Drive-ur-self Station and it's there to greet you when you return.

## The Cost is Low

The charge is just a low rate per mile for the miles you drive. Gas, oil and proper insurance included at no extra cost. Take your friends along without additional charge, and, if you like, share the expense. See how little you really have to pay.

## Register—No Obligation

Get an Identification Card. It is good at any time; honored at all Hertz Drive-ur-self Stations; costs you nothing. Present the card when you need a car. You have one instantly—just get in and drive away.

If you are without one there is no reason now for not enjoying the pleasures of a fine car just when you want it.

## Reserve a Car for Labor Day

Drive far from the city's congestion. Visit cool mountains—a secluded beach. Take your friends along. Phone us today. We'll reserve a car. Ready when you wish, day or night. Make Labor Day the most enjoyable week-end you've ever spent.

## Typical Trips

Note how low the cost this new way.

### The Beaches

DRIVE one of these fine cars to the beach any week-day morning. Take four others with you, too, if you wish. Start, say at 9:00—return at 5:30 for instance. Park the car and enjoy the surf all day. Suppose you go 20 miles—10 miles down and 10 back. The cost would be \$3.60. You can't beat that for economy. We charge only for the miles you drive. Nothing for the idle time.

### The Theatre

Order one of our luxurious sedans. Make up a party of four or five—even six if you like. Our attendant will deliver the car at your door. Drive to the theatre any evening—park the car—then return it three hours later. You may go 20 miles. If so, the total cost will be \$4.35. You travel in comfort, too; in a car you would be proud to call your own.

### Los Angeles to San Diego and Return

Drive down this morning and return tonight. You'll go at least 270 miles on the round trip. Yet the cost will be about \$47.00. We pay all gas, oil and insurance, too. Nothing to worry you. Take others along if you wish. No extra charge.

### City to City Service

Drive to San Diego and leave the car. We return it. You pay only 5 cents a mile for this privilege and this 5 cents is refunded if you return within 30 days in one of our cars, or provide us a return customer. A total cost of \$28.35 if you don't come back. Take four others with you. If you like, split the charge and see how little it is.

### A Salesman's Trip to San Pedro

Jump into one of our cars and you're there in a jiffy. In comfort and style, too. Make all the calls you wish with a minimum waste of time—stay all day—then return the car to Los Angeles. Your speedometer may show 40 miles. Yet the total cost will be only \$7.20. Our special discount to commercial firms will even reduce this.

### A Tourist's Trip Through the Orange Empire

Leave from any of our convenient stations in a car that you'd be proud to call your own. Stop where and as long as you please. Visit all the points of interest. Then pay only a few cents a mile for the distance you have driven. If you've gone 200 miles the cost will be \$30.00. Make up a party if you wish. It costs no more. Tourists are finding this new method the ideal way to really "see and enjoy" Southern California.

BOND QUOTATIONS

NEW YORK, Sept. 1. (P)—The bond market today shook off some of its recent dullness under the leadership of a number of railroad issues and a number of municipal bonds. The market was generally active, with a number of issues selling at a premium. The 4 1/2 per cent gold bonds of the Illinois Central Railroad helped to stimulate the activity in the carrier market, which was already pointing upward in company with stocks. The issue was offered this morning by Kahn, Loeb & Co., and was promptly oversubscribed. The activity of the railroad bonds was not confined to the high-grade issues, but extended to the lower-grade issues, such as the Chicago and Eastern Illinois 5s, Chicago and Alton 5 1/2s, Denver and Rio Grande Western 5s, St. Louis and San Francisco 5s and the St. Paul 5s. The Chicago Central & North Western 5s, which were the subject of a syndicate headed by Blair, G. & Co., and the Chicago Securities Corporation. The issue will be offered to the public tomorrow priced at 102 1/2, with a 1/2 per cent premium. The syndicate's bid for the issue was 102 1/2, the best of nine submitted, was giving the State a premium of 1/2 per cent on the sale of \$540,254.

The remainder of the domestic list was generally active, with prices showing a general tendency to rise. The 4 1/2 per cent gold bonds of the Illinois Central Railroad, which were the subject of a syndicate headed by Blair, G. & Co., and the Chicago Securities Corporation. The issue will be offered to the public tomorrow priced at 102 1/2, with a 1/2 per cent premium. The syndicate's bid for the issue was 102 1/2, the best of nine submitted, was giving the State a premium of 1/2 per cent on the sale of \$540,254.

THURSDAY MORNING

## EXCHANGE CLUB GIVES PROGRAM

Walnut Park Organizat  
Featured at KHI

**Long Beach Glee Art  
Lend Assistance**

### Leaders in Radio Field I at Local Show

The Walnut Park Exchange Club, with the assistance of the City of Detroit, their sister Exchange Club and the Long Beach, provided for a measure of enjoyment last evening. There were songs and assemblies here, galore, with much fun in them.

The arrangement of the program was in the hands of "Little Red" Barnes, a member of the Exchange Club of Detroit. "Little Eddie" had a huge success as an entertainer, and some of the numbers on his part of the program included "As a Foreigner," "The Valley," and "The Valley by Request." "Little Red" Barnes, formerly of the Apple Club of WXJ, proved an asset as partner, and the songs were given the hearty approval of the audience. The team, Barnes and Robinson, call themselves "two tiny tunes," and gave a screamingly funny "chuck" routine.

The Sunset Quartet of Walnut

Park, comprising Jeanette Thonson, violin; Dorothy Ruth Miller, alto; Elizabeth Ahrendroth, soprano; and Winifred Joan Hughes, pianist. They merited commendation for their beautiful work. Among their selections were such favorites as "Faded Moon," Kretzler's "Old Refrain," "Marie, Mari," and Saint Saens's "Heart at Thy Sweet Voice."

Each member of the Sunset Quartet did very creditable solo work. Dorothy Ruth Miller gave two piano numbers. List's "Sextet" and

**Concert Etude, by McDona**  
Jeanette Thompson played  
melodious negro spiritual, "Nob  
Knows," with excellent tone qual  
and feeling.

# EXCHANGE CLUB GIVES PROGRAM

Walnut Park Organization  
Featured at KHJ  
Long Beach Glee Artists  
Lend Assistance

Leaders in Radio Field Due  
at Local Show

The Walnut Park Exchange Club, with the assistance of the Olive Club and their sister Exchange Club of Long Beach, provided for a full program of entertainment last evening. There were solo and ensemble numbers, with much fun in between.

The arrangement of the program was in the hands of "Little Eddie" Burns, formerly of radio station WJLA of Detroit. "Little Eddie" is a large success as an entertainer, and one of the numbers on his portion of the program included "As a Portuguese for his Port" and "Blue Skies in the Valley by Request." "Little Eddie" Burns, formerly of the Red Apple Club of WJLA, proved an able partner, and her popular songs were to the approval of the audience.

The Sunet Quartet of Walnut Park, comprising Jeanette Thompson, violin; Dorothy Ruth Miller, piano; Elizabeth Ahrendt, flute; and William Joan Ruppel, piano, rendered commendable for their beautiful work. Among their selections were such favorites as "Palm Beach," "The Old Refrain," "The Sunet," and "The Sunet's 'My Heart at Thy Sweet Voice.'"

Localists ENTERTAIN  
The rich contralto voice of Miss Ruth Smith was heard in such numbers as "At Dawning" and "A May Day Song." Popular songs with accompaniment were well done by Miss Ruth King, who sang numbers including "Take This Rose" and "The Sunet's Rainbows."

Part of the program given at Long Beach contingent added to the evening's pleasure. The club members, under the direction of Mrs. Ruth Smith, sang with enthusiasm, fine expression and good balance. "The Song of John Brown," by Candish; "La Spagnola," by Di Chiara; "Winter Song," by Richard; and "Kentucky Babe," among their selections.

The piano numbers were played by Ralph Comer Knowles of the Long Beach contingent. Miss Knowles rendered her splendid technical equipment and beautiful interpretation of the music. Her performance included "The Sunet's Rainbows," "The Sunet's 'My Heart at Thy Sweet Voice,'" and "The Sunet's 'Palm Beach.'"

CLUB CHIEF SINGS  
The director of the glee club, Fred Smith, who has a tenor voice of exceptional quality, was another contributor. Accompanied by Otto W. Smith, he sang the "Spirit Flower," "The Sunet's 'Sweet Little Woman of Mine,'" "The Sunet's 'My Heart at Thy Sweet Voice,'" and "The Sunet's 'Palm Beach.'"

The nightly Scripture reading was given by Dr. H. Macdonald, pastor of the Bible Protective Association of California. This was followed by the weekly talk and song, given by Dr. Max Baumgardt, pastor of the church of the Holy Spirit.

Dr. Baumgardt has been on the platform of the church of the Holy Spirit and his orchestra, with a number of friends have taken advantage of the invitation to view these stars through the Clark telescope on Thursday evening.

The children's hour brought its usual quota of charming youngsters. Dick Winslow is naturally very happy over the new brother, Cullen Bertram, who came to his home Monday morning. Three pupils of Marshall Stedman, John McManara, Kenneth Reuck and Mary Allen, delighted their listeners with poems written by their instructor. John's reading was "Dad Takes Up Kite-flying," Mary's "The Family Messenger," and Kenneth's "The Optimistic Mascot of K.H.J." Los Jase Campbell, 8 years of age, reader; Constance Jeanette McCoy, "Sweet Marie of K.H.J.," and Patricia Randolph Eccleston, "Little Daffodil," contributed their individual gifts.

A gifted little singer, brimming over with individuality is Ida Palmer, who sang several children's songs on the twilight hour. This young lady is booked for a tour over one of the big vaudeville circuits and is scheduled to leave within the next few weeks.

Fred C. McNabb, vice-president of the Angler and Mower Seed Company, had his weekly visit with his garden family, answering many questions which had come to him by mail.

The noon program was offered by Le Roy Perry and his orchestra, with June Parker, blues singer, as soloist. Jerry Grant and his King's Palace Orchestra closed the day's broadcast with an hour of dance music.

RADIO SCIENTISTS COMING FOR EXPOSITION  
With word received here yesterday that more than 100 prominent radio specialists, inventors and scientists from all parts of the United States intend being present at the fourth annual national radio exposition, which opens Monday in the Ambassador auditorium, C. H. Mansfield, chairman of the host committee of the affair, announces that radio reception will be extended every one of the distinguished visitors. Welcomes at the rail stations upon arrival, followed by special trips about the city and personal introductions to leaders in Los Angeles radio circles, he said, are included on the reception program. "We intend to send every man of them away cheering Los Angeles as a city which knows how to entertain," Mr. Mansfield declared.

The big message of the fourth annual national radio exposition is going to be delivered to Los Angeles by L. E. Taufenback, chairman of the advertising committee of the Radio Trades Association of Los Angeles. He already has decided upon a breezy collection of advertising sketches, which soon will appear in daily papers, announcing that the show will open Monday in the Ambassador auditorium and continue until the following Saturday night.

## BUSINESS judgment BROUGHT HOME

**YOUNG Mrs. Wellford** was talking about her husband's recent illness.

"Bill was home for a whole week. It was his first real chance to see me in action as a housewife—we've been married only a year, you know.

"The third day he said to me: 'Sally, you need an Extension Telephone. You're wearing yourself out, running up and down stairs and from room to room every time the telephone rings. I never realized before how much a woman will put up with without complaining. I wouldn't stand for it a minute in my office.'" (Wellford's Inc. was a model office.)

"And so?" said her visitor.

"There it is," said Sally proudly. An Extension Telephone costs only a few cents a week.

## BREAKFAST CLUB FETE FOR WILBUR

Secretary and Several Ranking Admirals to be Entertained Friday

In anticipation of the arrival in Los Angeles of Secretary of the Navy Wilbur, and several of the ranking admirals of the fleet, preparations are being made for their entertainment at the weekly early morning feast Friday by members of the Breakfast Club. Secretary Wilbur is on the honor roll of the organization.

An old-fashioned high bicycle race on the club's polo field promises many thrills for members.

The host at breakfast will be Dr. Edwin O. Palmer, a founder of the Hollywood Hospital. Special guests will be Commander A. H. Woodbine, supervisor inspector, Second Reserve Area, United States Naval Reserves, and nine other officers.

Rev. Big Chief White Horse Eagle, 104 years of age, of the Osage tribe, will talk.

Bernard DePace, mandolin player, from the Grauman's Egyptian program, will entertain through the courtesy of Sid Grauman.

A five-minute talk on "Finance" will be delivered by A. W. Strauss, of S. W. Strauss & Co.

A few minutes of "Monkey Business" will be staged by Ole and Johnson. Signor Ettore Campana, Metropolitan Grand Opera star, will entertain.

Lucille Benson, the titian-haired winner of eight beauty contests who will represent Los Angeles at Atlantic City, will be a special guest.

LOS ANGELES (Loce Ahng hayl als)

MEMBER OF THE ASSOCIATED PRESS

The Times also at all times to be accurate in  
every publication. It is a duty of the Times  
to give a fair and unbiased account of the  
events of the day. It is the policy of the  
Times to publish the news as it comes, and  
not to be influenced by any outside forces.

IN THE MONEY

It is hoped that Cash-and-Carry Pyle  
will try to make a professional out of  
the feed who played the piano for seven-  
ty-five consecutive hours.

STILL MOODY

The Texans have finally eliminated  
the Ferguson from their daily mess of  
politics and the odd thing is that they are  
quite Moody about it.

CORSETED MALES

Advices from Paris are to the effect  
that more men than women are now wear-  
ing corsets. The reason seems to be that  
they need them more.

THE PICTURE MAKERS

Will Hays has been discussing the  
movie industry with President Coolidge—  
possibly with the idea of getting the ex-  
ecutive to star in a future release of "One  
Good Term Deserves Another."

PROXY AMERICANS

The heroines of the great open-faced  
swim register from New York, but Gertrude  
Ederle has German ancestry, while Mrs.  
Corson of the second flight was Amelia Gade,  
of Danish extraction. They are listed as  
Americans, but are not of pioneer stock.  
Won't some Winthrop or Ames girl from  
bleak New England kindly swim the British  
Channel in the name of Yankee Doodle?

TIME BY WIRE

Folks who have mislaid or misused  
their time cannot have it corrected by the  
Western Union Company. The telegraph  
and telephone offices formerly supplied the  
correct time to all callers, but this service  
is a drain on their business and is being  
dropped. The lazy or careless John-  
ny will be in hard luck. If he fails to  
wind his fingerless he may be late at the  
crossroads.

RINGS FOR MEN

The jeweler is said to be behind  
the new fad for having both engagement  
and wedding rings for men. It would seem  
that the diamond men might easily be the  
authors of the plot and scenario. They  
would at least be the chief beneficiaries of  
the fashion. But if the husbands are going  
to hunt men down with engagement rings  
life will take on new luster. Swapping  
rings will become a favorite pastime of  
the moonlight. There is no doubt but that  
it would be better for the world if every  
married man had to wear a gold band  
about his finger.

HEADED FOR THE MOVIES

Having leased a river in Ireland for  
the fishing season, the Maharajah of Al-  
war, one of the wealthiest potentates of  
India, has enjoyed some very good catches  
and is now moving on to Scotland, where  
he has rented a deer forest for the hunt-  
ing season. As the British hunters have  
slain so much wild game in India, evidently  
the Maharajah thinks that turn about is  
fair play. It is a pity that Sir Walter  
Scott is not alive to put him into one of  
his novels. What a picturesque character  
Sir Walter might have made of him! Well,  
the Maharajah will be good meat for the  
scenario writers, anyway.

WORKING HOURS

Henry Ford is quoted as saying, "A  
man should work as few hours as possible."  
What a delightful doctrine! How well it  
supports the economic theory of hoboes  
and others who find it quite possible to  
work no hours whatever! Stevenson in his  
"Plea for Idlers" made no such loose state-  
ment as that of the sliver king, who doubt-  
less will come in for harsh criticism by the  
overindustrious. Perhaps he meant to say  
"necessary" instead of "possible," but, even  
so, would be on safer philosophical  
ground? Hardly, for then would arise the  
question, necessary for what? Necessary  
for building up a gigantic tin-can factory  
like Mr. Ford's or necessary for running  
one of the products of said factory? Mr.  
Ford should have been a little more ex-  
plicit. And yet his statement will make a  
strong appeal to most of us as we approach  
the hazy, lazy days of a California Sep-  
tember.

A THEORY KNOKED

It is a favorite notion of motorists  
that their machines run better in damp  
weather than in dry. But the United  
States Bureau of Standards says in a re-  
cent bulletin that there is no scientific  
basis for such a theory, as variations of the  
amount of moisture in the air have no ap-  
preciable effect either on power or fuel  
economy. It also has been held that a mo-  
tor runs better at night than in the day-  
time, owing to the presence of more oxy-  
gen. The bureau says that if this advan-  
tage exists it is due merely to the lower  
air temperature at night, which permits  
the engine to take in a slightly greater  
amount of air and not to the presence of  
an increased amount of oxygen, as there  
is no more of that element in the air at  
night than during the day. All this may  
be, but it's going to be hard for some old  
motorists to accept it, and in any case  
how could an automobile be driven with-  
out imagination?

**THE ELECTION RESULTS**  
The remarkable gains made in Los  
Angeles county and over the State by Gov.  
Richardson in yesterday's count of the  
primary election ballots make it apparent  
that the result for the Republican gubernatorial nomination is not yet certain.  
Whether the Governor's large vote in the  
country precincts yet to hear from will be  
sufficient to overcome the substantial lead  
of Young in the northern cities remains to  
be seen. So far the Governor is repeating  
his remarkable feat of four years ago when  
he came from behind and, on the strength  
of belated country precincts, decisively de-  
feated Stephens after the latter had claimed  
the victory with a lead of 30,000, which is  
greater than Young has had at any time.

But there is nothing uncertain about the  
manner in which Senator Shortridge de-  
feated the Johnson-Heart-Parrot-McCane  
candidate for Senator, Robert M. Clarke,  
at the polls on Tuesday. The result was a  
stinging rebuke to Hiram Johnson, who  
jumped the State from end to end like a  
vituperative whirlwind in an effort to de-  
feat his colleague, not because of any fail-  
ing of Shortridge but because Johnson well  
realized that his own precarious chances  
for re-election in 1928 would be improved if  
he could replace Shortridge with a South-  
ern California Senator this year. The re-  
ply of the voters of California to Johnson's  
impassioned appeals in Clarke's behalf  
here eloquently witness to the lasting in-  
fluence of the senior California Senator in his  
own State.

In renominating Shortridge on almost  
purely administration issues, California has  
shown emphatically that it is behind Presi-  
dent Coolidge and that it stands squarely  
on the Republican platform as enunciated  
two years ago. The Heart-Parrot-McCane  
candidate carried the endorsement of  
their major energy in the campaign in  
an effort to split the Republicans of the  
State on the World Court issue and to  
cause an apparent repudiation of the Presi-  
dent and the Court through the nomi-  
nation of Clarke on a rabid anti-Court plat-  
form.

One of the outstanding features of the  
election was the defeat of Ralph Criswell,  
a former member of the Socialist party, by  
Joe Crail, a lifelong Republican, for the  
Republican nomination for Congress in the  
Tenth District. In that the platforms of  
the two men were substantially identical,  
the result is another indication of the strong  
Republicanism of the district.

In the Ninth Congress District the po-  
litical chameleon, Charles H. Randall, has  
been decisively defeated for this office in  
the third consecutive one of his perennial  
candidates. The Republican nominee is  
W. E. Evans. The Heart-Parrot-McCane  
candidate carried the endorsement of  
the district Republican conference and  
who will go to Washington with the united  
support of his district and with a single  
eye to its interests.

The attempt of Boss Parrot to seize con-  
trol of the Los Angeles county delegation  
to the State Legislature as part of his plan  
for extending to California the domination  
he now exerts over the city of Los Angeles  
was roundly rebuffed by the voters. The  
returns to date indicate the defeat of Par-  
rot candidates in six of the eight Legisla-  
tive districts of the county in which he put  
his henchmen as aspirants for office. These  
districts were the Thirty-eighth, Sixty-  
ninth, Seventy-first and Seventy-  
second Assembly districts.

The big vote given Supervisor Cogswell  
in the First Supervisor District of the  
county is a vote of confidence for a faith-  
ful public servant in the face of unprin-  
ciple and yellow newspaper attacks. Cog-  
swell, at the head of Boss Parrot seeking to se-  
ize his own candidate in Cogswell's place on  
the county's board of directors. In the  
Third District Sidney T. Graves, a solid  
business man and able executive, leads the  
field by a large margin. Councilman A. J.  
Barnes is the Republican nominee.

For Superior judges the majority of in-  
cumbents received a merited expression of  
approval from the electorate and those not  
elected outright seem assured of election  
in November. The fight for Sheriff will be  
settled at the general election between the  
incumbent, William T. Truett, and either  
George K. Home, veteran Los Angeles  
police executive, or Charles Kelley, chief  
of Pasadena's police.

The overwhelming victory of Burton Pitts  
for the Republican nomination for Lieu-  
tenant-Governor was a tribute to his personal  
popularity and undoubted abilities. He will  
make a worthy aide for Governor.

Victory for the water and power bonds,  
which had no opposition, was a foregone  
conclusion. In the case of the water bonds  
the voters endorsed the honest and able  
administration of William Mulholland, head  
of the city's great aqueduct enterprise. The  
endorsement presages well for public sup-  
port for the coming Colorado River aqueduct  
undertaking.

In voting the power bonds the public ap-  
parently made the best of a bad situation  
and consented to make a further invest-  
ment to save the already large sums which  
have been sunk on will-o'-the-wisp promises  
—in the Bureau of Power and Light. How  
long they will continue to support the city's  
extravagant retail light and power estab-  
lishment is uncertain.

On the whole, The Times is well sat-  
isfied with the outcome of the election. It  
finds no special cause for self-congratula-  
tion in the fact that most of the candidates  
it endorsed were successful, save in that it  
believes that these selections constitute  
an assurance of good public service.

**TOWN LOT DRILLING**

Southern California is fortunate in hav-  
ing a large number of oil fields, but per-  
haps a little unfortunate because they fre-  
quently crop out in districts which are  
thickly populated.

Just now Huntington Beach is moving  
apartment houses to new locations, mak-  
ing room for oil derricks in her West End  
field. Sifted Hill means up a consider-  
able area of residential district and more-  
over the Los Cerritos extension has  
experienced an intensive drilling campaign  
of the door-yard type.

The other day oil was found in the south-  
eastern outskirts of Long Beach, in what  
is termed the Seal Beach field. The Long  
Beach City Council has requested the prep-  
aration of an ordinance to prohibit drilling  
within the city limits in that area until a  
special election can be held to decide a  
controversy which has arisen in regard to  
further town-lot drilling in that commu-  
nity.

Santa Fe Springs, Signal Hill, Los Cer-  
ros and Huntington Beach have all fur-  
nished good—or bad—examples of the eco-

## "While the Light Holds Out to Burn—"

(Protected by George Matthew Adams)

onomic waste attendant upon a policy which  
permits from one to three wells to be  
drilled upon a residence lot.

Any known supply of petroleum should  
be restricted to California, for the common  
wealth, but there is little to be gained and  
much to be lost where frenzied drilling re-  
sults in the erection of one or two or even  
more derricks to every acre.

Property owners are entitled to recover  
such oil as their holdings may contain, but  
past experience has demonstrated that in  
fields where production is not of gusher  
type one well to five acres is capable of  
recovering as much oil as can be got out  
of the sands, while even in gusher fields  
one well for two or three acres' drainage  
is regarded by petroleum engineers as be-  
ing ample.

If an acre of town lots is capable of  
yielding 161,000 barrels, as has been the  
case at Signal Hill, a well costing close to  
\$100,000 has a chance to return a profit to  
the property owners and the drillers, but  
if five wells are drilled on as many town  
lots in that acre the gas pressure will be  
exhausted five times as quickly, the ulti-  
mate recovery of oil will probably be less  
and the cost of recovering the oil five times  
as great as it should be.

Where town-lot drilling becomes neces-  
sary petroleum engineers declare that the  
greatest return to all and the smallest  
amount of waste will result from the for-  
mation of large individual or community  
leases, with the number of wells to be  
drilled based upon the number of acres  
which a competent group of geologists  
think will be "in the money," coupled with  
their opinion as to how many acres each  
well should be capable of draining.

**THE HOME CENTER**

Carl Capek, the Czech author, who  
has written some very interesting "Letters  
from England," recently expressed his  
pleasure at finding that the center of so  
many English homes is the library. He  
seemed to be surprised that the portraits  
of ancestors were not the rallying point  
of the family life. When the piano and  
other attractions failed to draw them to-  
gether good books did.

Naturally the mind reverts to America.  
If he were to write a series of "Letters  
from America," what would he locate as  
the center of our home life. He might  
have difficulty finding even a home—just  
a garage.

A wag declares that the center of our  
life is the dining-room. There is a possi-  
bility that the statement is not humor,  
but drab fact. The diurnal revolution  
around the beefsteak has its arguments.

However, even the beefsteak lacks at-  
tention for all the family at the same  
time. The meal is a sort of a tandem  
—fair, like marriage. And yet there  
are worse meeting places than the table.

Once the fireless was the hub of the  
home. Long winter evenings with games,  
books and music made the hearthstone the  
foundation stone of our great American  
institutions.

But the fireless has shrunk until it is  
just a false plaster of Paris mantel. Flat  
life has fettered out most of our tradi-  
tions of home. Who can gather around a  
hot-air register or a radiator? They lack  
influence.

Then there is the car, and there is a well-  
grounded suspicion that the car has  
usurped the place of the home. Man has  
become a migratory fowl and home is but  
a roosting place. He flies in and he flies  
out.

About the only exchange of opinions in  
the family nowadays is from the back seat  
to the front seat. And this is not always  
conducive to a contented and blissful  
family life.

Do we want Carl Capek to come and  
write us up?

### SUFFRAGE REFORM

With the ballot firmly in their grasp,  
English women now are said to be seeking  
an extension of the suffrage privilege to  
include equal rights with men in the mat-  
ter of age. When the feminist movement  
gained its first objective, that of the vot-  
ing prerogative, the proviso was attached  
that a woman must have reached her thir-  
tieth birthday before she was entitled to  
cast a ballot. Men in England may vote  
when they reach 21 years of age.

The restriction presumably was evolved  
to prevent a deluge of feminine votes which  
it was feared might seriously upset pre-  
vailing party lines and work a revolution  
in government. However, these fears failed  
to materialize and it is contended now  
that a wider scope will make no appre-  
ciable difference in elections, while rem-  
edying a manifest inequity.

Related to this movement is another  
which has not gained so much headway,  
but which has aroused considerable inter-  
est and discussion. It is proposed to  
split the voting age for both men and women  
at 25. That, at least, seems to be more  
equitable than the present rule. Why a  
man should be considered competent to  
vote at 21 and a woman not until 30 is  
something that has not been made clear.  
In the United States and in most other  
countries a girl is considered to have  
reached maturity at an earlier age than  
a boy.

It is argued that by making the fran-  
chise something to be gained at a later  
date than at present, it would appear more  
desirable and thus stimulate more general  
voting. This would seem especially desir-  
able in the United States, where most elec-  
tions are decided by a minority of the  
qualified electors.

### QUICK ACTION

In a few short seasons the silent  
drama did for Valentino that which a gen-  
eration of ceaseless devotion to the legiti-  
mate drama could hardly have provided.  
It made him known and admired in fifty  
mouged a casual immigrant boy from Italy  
into the friendship of the mighty. In the  
film industry great reputations are possible  
in a single season. Likewise they may be  
almost as readily lost.

### REARING THE CHILD

By James J. Montague

English doctors have discovered that  
children fed on butter fat become healthy  
but rough.

When Bill was fed alone on bread  
And cereal and meat.  
He grew refined and mild and kind  
And always acted sweet.

And when he was fed on butter fat  
Nor wine, nor disobeys.  
When mother said: "Now go to bed,"  
He did so right away.

In fact the child became so mild  
We thought he would be ill.  
And every day we'd sadly say:  
"Too bad! Poor little Bill!"

Though stronger food may make him rude  
And turn to evil deeds.  
He'll soon be dead unless he's fed  
The diet that he needs."

So now the brat gets butter fat  
And cream three times a day.  
He stays out nights, gets into fights,  
And often runs away.

He dally grows more adipose,  
He has no pain or ail,  
And neighbors think he's on the brink  
Of getting into jail.

We're well aware a change of fare  
Would change his manners, too.  
And make him play the proper way.  
Just like he used to do.

We're certain that the butter fat  
Is roughening the lad.  
Yet down inside we thrill with pride  
To think he's sort of bad.

(Copyright, 1926, by the Bell Syndicate, Inc.)

### PEN POINTS

Note on saving the franc: Sock  
the peasant's sock.

A gentle voice indicates good  
breeding or that the other fellow  
is larger.

If a girl guest can't stay more  
than five days it is because she  
has only five frocks.

So cows give more milk when  
jazz is played. Well, it is natural  
to turn loose a little.

Queer people! It isn't sporting  
to "out" leather on a bronc, but  
it's all right to hold on in a liv-  
er.

The report that Detroit is the  
wettest spot may be unfounded.  
She hasn't a candidate for Presi-  
dent.

Hunter, Chestnut and Benton is  
the combination beaten by a trio  
of Los Angeles bank robbers.  
Their motto should be Hunted,  
Catched and Beaten.

Telephone: A contrivance that  
enables you to sit lazily at home  
and annoy people.

Think of being named Princess  
de Bourbon! Ah, well; lots of fel-  
lows once got a royal feeling out  
of that name.

A Los Angeles burglar suspect  
was found in jail. How it ever  
happened no one seems to know!

He'll put you to sleep even more  
quickly than some of the  
speeches that come in on the ether.

The Italian influence is every-  
where, and the sugar-bearing nipa  
palm may be called that because  
their nipa da bud.

Legend in 2027 may affirm that  
Miss Ederle really swam it to  
meet a sweetie.

She is getting a little desperate  
if she is beginning to say that she  
doesn't object to baldness.

Well, well, well; think how  
many of us didn't drown or get  
killed this summer.

The melancholy days have come,  
the saddest of the year; the kids  
are going off to school and learn  
another cheer.

Corned beef is a wonderful dish.  
It contains no corn and in some  
parts of the world it is horse.

It's strange the way mother  
changes her mind about the best  
place to go for the summer after  
the girls are married off.

Correct this sentence: "He has  
positive opinions," said the man.  
"but he doesn't agree at those who  
disagree with him."

JOHN MURPHY.

## LETTERS TO

**The Times**

(Name and address of writer must ac-  
company all letters for this column. Let-  
ters of a personal nature or involving  
controversial religious questions are not ac-  
ceptable.)

What of the Day?

WASHINGTON (D. C.) Aug. 19.  
(To the Editor of The Times:)

I have thoughtfully read your state-  
ment entitled "Watchman What  
of the Night?" and its vivid illu-  
stration as contained in your issue  
of August 8. Such an array of  
horrors would be calculated to  
strike terror into the heart of any  
thinker who had no strong foot-  
ing and no secure faith upon  
which to make his stand.

Truly are the forces of disinte-  
gration rampant throughout the  
whole world, but just as you have  
pointed out, so it was when the  
first rays of the universal outlook,  
as compared to the limited national  
and individual outlook, shone on  
the world consciousness through  
the medium of the words and deeds  
of Jesus Christ.

Evolution has been vainly re-  
sisted by all types and conditions  
of men and the ideal and hopes  
of man have become crystallized  
into a state of solidity that resists  
the gentle molding action of truth.  
It cannot resist the sledge ham-  
mer of disintegration.

There is no greater truism than  
that the organism that will not  
evolve must disintegrate and dis-  
appear.

The position of the world today  
is that it has tried to build upon  
the shifting sands of materialism  
which are fast moving from under  
the structures it has erected. It  
has crystallized into a static  
conception of life as now lived by  
mankind.

It is the law of life, however,  
that amidst all the disintegration  
there is always a firm minority al-  
ready putting into practice a code  
of action that shall eventually be-  
come the basis of a new world.

In the days of the disintegration  
of the Roman Empire there arose  
many strange forms of faith. All  
of these forms were classified un-  
der one heading by the Romans,  
yet among them was Christianity.  
Can we be sure that among all  
the forms of belief known to the  
average man as strange cults now  
struggling for recognition there is  
not one of them that is destined  
to outlive the others and to be the  
future what the crude form of  
Christianity meant to the future  
of the world in the time of the  
Caesars?

The call has gone out for those  
who think and for those who have  
faith to look to the future and to  
try to identify the remnant that is  
preparing the ground for a new  
world.

Anything else is hopeless, for no  
corrupt and moribund condition  
can ever be reformed from within.  
It behooves everyone who thinks  
to get away from materialism to  
spiritual reality at least in some  
degree, for there is no solution of  
our world problems that is pos-  
sible on that solid, come strip in the  
of people who know a good  
when they see one.

FRANCIS J. MOTT.

**"Life's Misconception"**

LOS ANGELES, Aug. 30.—(To  
the Editor of The Times:)

A joke clipped from Life and published  
in your issue of the 20th inst. con-  
veys a misconception of the meth-  
ods of Christian Science.

Christian Science does not em-  
ploy mental suggestion to make  
anyone "look better" than he is.  
Mental suggestion and deceit  
have no place in Christian Science,  
which relies entirely on the healing  
message of Christ Jesus.

ALLAN E. LOMAX, D.D.,  
Christian Science Committee on  
Publication for Southern Calif.

**The Open Mind**

LOS ANGELES, Aug. 28.—(To  
the Editor of The Times:)

Mr. Krishnamurti is coming to shed  
light upon our path.

We have always felt that we  
were walking in the light, but  
would gladly open our hearts to  
the promise of illumination. How-  
ever, we seem to be in need of the  
power to smooth the path and  
make it straight from the cradle  
to the grave, rather than the vi-  
sion to see our way clearer.

This seer of the Far East may  
hear a torch which we have never  
seen, or he may prove to be just  
another worldly-minded mystic.  
He is bringing us light, may be,  
but he also lends us the will to follow it.  
That is our greatest need today.

GEORGE C. MCCONNELL.

**Another Complaint**

LOS ANGELES, Aug. 28.—(To  
the Editor of The Times:)

Glassell Park has been a goodly prey  
for the city's grifters. For the  
last seven months Verdugo Road  
has been closed to the public for  
repairs. Business men and prop-  
erty owners were promised this  
road would be completed within  
ninety days. Several small store-  
keepers have been put out of busi-  
ness entirely, while the larger  
concerns have lost within the  
thousands. Avenue 33—the only  
accessible street to the car line—is  
full of holes made by the con-  
tractors' mules, heavy trucks, etc.,  
and at night is positively danger-  
ous to the pedestrian. It is un-  
derstood this street will not be re-  
paired on. Property on this block  
happens to be owned by the city.  
For a park. Probably the great-  
grandchildren of the present prop-  
erty owners will live to see this  
park materialize. Churches and  
schools have been inaccessible for  
months. Both the Catholic church  
and Baptist church were under  
water in the midst of a raging  
stream last April, caused by the  
slow work of the city's big boss.  
Too busy worrying over his bank  
account to bother about public  
works. Practically every part of  
Los Angeles is torn up, making it  
almost impossible for the autoist  
as well as the housewife to "grin  
and bear it."

JOHN MURPHY.

## OUR IMITATIVE

OUR IMITATIVE  
PLACE NAMES

BY HARLEY HILLARD

One wonders if the naming of American cities and towns after places in foreign lands ever will be discontinued. Apparently not, for there is a new crop of imitative nomenclature springing up like Cadmean teeth in every State in the Union each year and new subdivisions are made and hamlets are dubbed cities. The mark deeds done at the crossroads by our forefathers in this line have come home to roost. These signs have been visited upon the children unto the third and fourth generation, for we have retained the deadly habit of playing the cadmean ape to the European cartographer, to which the first settlers in this country were so helplessly addicted.

Just now the name of Cambridge, Mass., is seen frequently in the newspapers as that of the locale of a much-discussed murder and even time that same appears on the instantly reminded of a great Ohio city, the people of which must feel highly flattered by the imitation. But this is no worse case than can be found in another State. Ohio has its Lima, Toledo, London and Athens, while latter name also appears on the maps of Georgia, New York, Pennsylvania and Tennessee. New York has its Rome, Syracuse, Troy and Ithaca, while Missouri, Indiana, Ohio and New York each have a Carthage, and other States have hundreds of names taken from foreign maps.

This name-copied bespeaks a poverty of selective resources of nomenclature, for in educated minds such resources are abundant, requiring only a little thought to dig out from their appropriate and distinctive geographic names rather indicates a lack of imagination and an inclination to steal from referring the name of a place to some one well qualified to do so.

Most cultured English people like our really characteristic names. Stevenson delighted in Glasgow, London, Athens, and California. Matthew Arnold could beauty and aptitude in the name of Chicago. But the Londoners never have extended imitation so far as I have observed. The name of Buffalo, Chicago has not been given to any British burg, though we have plenty of Manchester, Newcastles and Liverpools and quite a few Londons and New Londons, while our largest city is named for a city and county in England. These years, many of its citizens of discriminative taste have clamored for Manhattan as far more appropriate, it being peculiarly local and distinctively American.

Applying the cheap and easy imitative principle of nomenclature to our States, what might have been the result? Suppose California had been dubbed China, Illinois had been called Sparta, Minnesota, Nebraska, Pennsylvania and Colorado had been named after their order, Sweden, Russia, Holland and Ireland. Wouldn't the map of this country have been a delightful comic strip in the eyes of people who know a good deal when they see one?

With more or less appropriate and often quite musical Spanish names to choose from our California towns and city founders probably have slanted less in this respect than those of other States, while many of our geographic names that have an English sound are good in their way. But who should there be in California place names that are not in some respect distinctive, distinct from the smooth-sounding? Why not have a State board of review to pass upon or suggest appropriate geographic names that would be original, at least in a way, and in consequence the use of such imitative appellations as Newport, Venice and Manhattan Beach, as well as such bromide institutions as Pointe View, Valley View, Lake View and Riverside? It pains me to see along our seashore dotted with "Riviera," "Deauville," and "Nice," though, of course, those who put up such signs have the best of intentions—equal, perhaps, to those of Charles Dudley Warner when he entitled his book on California, "Our Italy."

California is not Italy, it is California. We are ourselves and another people, and we strive to impress the world with our distinctive qualities. In naming up a new town the founder should try to select for it a name, something distinctive, appropriate and smooth-sounding, if possible it should be somewhat distinctive of the locality or somewhat characteristic of the people of it. The Indiana people who founded Pasadena took care and time in the selection of the name of that place, for they chose a beautiful and appropriate one. Pasadena, an Indian word, meaning Crown of the Valley, was suggested by Dr. Thomas Elliott. If more Elliotts would name our American cities we should have fewer Troys, Romes and Londons, which would be good for those who inherit in distinctive nomenclature.

ALONE WITH NATURE

Have you ever walked in solitude beside a starlit bay, listening along in silent mood as you watch the waters play and the waves tell tales of a haven by the sea, where the waves tell tales of many lands filling the heart with gloom?

Have you ever gone to a shore nook, when the mountain's breast sits all day by a gurgling brook, day of peace and rest?

Have you ever seen a man-made thing in your good, quiet hours of bliss in the wood by the sounding sea.

FRED ROSS, JR.

IT'S STILL "The OLD GUARANTY"

FOR A GREAT MANY YEARS the Guaranty Trust & Savings Bank at Seventh and Spring was one of the larger banks of Los Angeles.

The Bank had a distinct ambition—to gain the affectionate regard of its customers, by a policy of cordial kindness and helpfulness toward its customers.

Although now united in financial strength with Security, the "Old Guaranty Bank" at Seventh and Spring has retained all its facilities for service, its same officers and principal employees, and the same ambition—to treat its customers so pleasantly that they will like that Bank.

Convenient in location, many thousands of people like Security with the Guaranty flavor.

ATTRACTIVE WOMEN

You Would Be Attractive  
You Must Be Healthy

A beautiful woman is always attractive. There are many types of beauty. But no woman can be truly beautiful unless she is healthy. Radiant vitality is always attractive. However plain a woman's features may be, many a woman has found her health improved through the use of Dr. R. R. Crawford's Vegetable Compound.

Dr. R. R. Crawford, 76 years of age, pioneer Southern California rancher, died early yesterday at his home in Downey from causes directly attributable to advanced age.

The deceased was the descendant of a family well known throughout the community in which they lived. Crawford's father was at one time owner of 1600 acres of land that is the present site of Downey. The Crawford family moved from Tennessee to California when the son was but 16 years of age.

Funeral services will be conducted Friday in Downey. The deceased is survived by his widow, Mrs. Amy Crawford; a son, Walter; two daughters, Mrs. Maud Barrett of Downey and Mrs. Meete Dunnica of Pasadena, and two sisters, Mrs. Julia Cochran of Los Angeles and Mrs. Bert Montgomery of Rivera. Rev. James Robertson, pastor of the First Baptist Church of Downey, will officiate at the funeral services.

WOMAN ACCUSED AS SHOPLIFTER COACH

Asserted to have coached a 14-year-old girl in the art of shoplifting, Josephine Van Buren was charged with contributing to the delinquency of a minor in a complaint filed yesterday in Juvenile Court. Mrs. Van Buren was held in jail pending her arraignment today before Judge Archbold. The complaint was filed by Dep. Dist. Atty. Woodhead.

SCHOOLS WILL OPEN TUESDAY

Total of 357 Structures  
Ready for Classes

Enrollment Expected to  
Total 200,000

Twenty-seven New Buildings  
Added This Year

The public schools of Los Angeles will open next Tuesday with a total of 357 structures ready for the occupancy of the 200,000 students expected by the beginning of the second week. Attendance during the first week is usually light because of Labor and Admission Day holidays.

Enrollment last year was 161,214, but there will be twenty-seven additional schools ready by the opening date, and the teaching staff, which includes principals and vice-principals, in both the day and evening schools, will number 7200. There are 860 supervisors and directors, together with the doctors, dentists and nurses attached to the division of health and corrective education under Dr. Sven Lokrantz.

With a population of 1,188,833, according to the latest figures from the Chamber of Commerce, the Board of Education claims 24.57 per cent as representing the school population.

Twenty years ago Los Angeles had a total of sixty-five schools and 865 teachers as against 357 schools and 7200 teachers at the beginning of the school year next Tuesday.

ROOF PARTY OF SHERIFF CAUSES IRE

Private Interests Register Complaint Over Justice Hall Election Celebration

Investigators for private interests are inquiring into the degree of liveliness of the Sheriff's office party held on the Hall of Justice roof election night. It was learned yesterday.

Justice Dewar denied that there was anything too lively about the function, which was described in a complaint to the Board of Supervisors as "a disgraceful affair." The Supervisors on the day before the event had declined to authorize the holding of the party.

President McClellan of the Supervisors' board said the board received a request from Dewar by telephone for permission to use the roof for the party and declined to grant the request, meaning thereby that it not only declined but indicated that such a party should not be held on the roof. Dewar said he understood that the board declined and meant merely that it wished to take no action, leaving the responsibility entirely up to the Sheriff's office.

Dewar said that more than 1000 persons attended the party in course of the evening, that Sheriff and Mrs. Traeger and some of the best people in town were in the crowd, and that it was conducted along strictly proper lines. He said a few objectionable persons who got in were detected and requested to leave, which they did at once.

"I took every precaution to see that everything was conducted so that nobody could raise a question," Dewar said, "and I don't think anybody honestly can do so."

Dancing, vaudeville acts, boxing contests and more or less noisy merry-making over Sheriff Traeger's nomination victory and refreshments were features of the party.

T. R. Crawford, Aged Rancher, Dies in Downey

T. R. Crawford, 76 years of age, pioneer Southern California rancher, died early yesterday at his home in Downey from causes directly attributable to advanced age.

The deceased was the descendant of a family well known throughout the community in which they lived. Crawford's father was at one time owner of 1600 acres of land that is the present site of Downey. The Crawford family moved from Tennessee to California when the son was but 16 years of age.

Funeral services will be conducted Friday in Downey. The deceased is survived by his widow, Mrs. Amy Crawford; a son, Walter; two daughters, Mrs. Maud Barrett of Downey and Mrs. Meete Dunnica of Pasadena, and two sisters, Mrs. Julia Cochran of Los Angeles and Mrs. Bert Montgomery of Rivera. Rev. James Robertson, pastor of the First Baptist Church of Downey, will officiate at the funeral services.

WOMAN ACCUSED AS SHOPLIFTER COACH

Asserted to have coached a 14-year-old girl in the art of shoplifting, Josephine Van Buren was charged with contributing to the delinquency of a minor in a complaint filed yesterday in Juvenile Court. Mrs. Van Buren was held in jail pending her arraignment today before Judge Archbold. The complaint was filed by Dep. Dist. Atty. Woodhead.

ONE O'CLOCK SATURDAYS BROADWAY HILL AND SEVENTH

School Bullock's

If You're Six or Fourteen

Need school hose? If you are a high school or college girl you probably already know about Bullock's Collegienne stockings. Service-weight silk in smart fall shades at \$2.00.

Collegienne sports hose in new heather mixtures, English ribbed to the toe—what could be smarter in soft tans and blues? What could be more economical at \$1.00?

And for boys' hose, Bullock's can't help showing enthusiasm over them. Big plaids in 3/4 length at 50c!

Plain brown and black 3/4 hose at 65c and 75c.

And so many interesting and different patterned hose to go with plus-4's—\$1.25, \$1.75 and \$2.25 at Bullock's Junior Hosiery Section—5th Floor.

You know Bullock's specializes on school shoes.

A smart little brown calf has simulated lizard trimming. Won't girls who wear sizes 11 1/2 to 2 enjoy wearing such distinctive oxfords to school the first day? \$6.00 at Bullock's Junior Shoe Store, fifth floor.

The broad-toe is a feature boys like. This new oxford has the broad toe and harness stitching for added smartness. The moulded insole is one of the new achievements in shoe building. \$5.50 at Bullock's fifth floor.

And for the Collegienne, this graceful pump in blonde kid, at \$8.50. One of a smart group in specialized Collegienne footwear, in sizes 2 1/2 to 7. AAA to C widths. Collegienne Shoe Shop, Bullock's fifth floor. Many other smart Collegienne pumps from \$6.85 to \$10.00.

BULLOCK'S Boys' and Girls' Store has made extra preparations of efficient service these last days before school opening. Remember everything for the boy's or girl's outfit from suits and dresses to handkerchiefs and hose all on one floor, Bullock's fifth.

WEATERS are attracting much attention now. The Girls' Sweater Section at Bullock's has just received a new coat style with pockets and a boyish collar at \$5.95. Sizes 6 to 10. Sizes 12 to 16 at \$6.95. Smart fall colorings, too. Bullock's fifth floor. Remember only two and a half shopping days before school opening.

FOR the little fellow, a flapper suit of course. Bullock's Store for Boys is showing flappers carried out in so many different materials—cotton crash, kiddy cloth, jean cloth, Devonshire, linen. Sizes 2 1/2 to 10. Bullock's fifth floor.

MANY of the new flapper suits have plaid tops. Such a clever selection of this favored style at \$1.95 now in Bullock's Store for boys. The first-grader will need a good supply for the fall term. Many mothers are selecting them now.

UNDERWEAR for boys? Bullock's famous No-Rip Junior athletic union suits of course. These have all the special features of the men's No-Rips—horizontal buttonholes, extra elastic webbing, etc. 85c each or 3 for \$2.35. Fifth floor.

GIRLS wear athletic union suits, too. Very brief, with short straight legs and no buttons or fastenings are the "athletics" that so many girls are buying now for school. \$1.35 in sizes 12 to 16 years. Junior Underwear Section, Bullock's Fifth Floor.

MIDDIES and bloomers are surely going out fast at Bullock's fifth floor. Girls tell us they especially like the narrower hip feature that Bullock's is bringing out this year in middies. Regulation type with detachable collar and cuffs of navy serge. \$1.95.

IMAGINE Girls' Coats like these for \$10.00! Boyish models—some even of the famous Strook's camel's hair cloth. Others, good imported and domestic woolsens.

LITTLE hats to go with the new \$10.00 coats—velvet hats with felt pipings—in Bullock's Two-to-Six Shop, \$4.95.

ANOTHER important school item... Boys' Athena Union Suits at 95c. These are the short-sleeve, knee-length, type, you know, with collarette neck. Medium weight cotton. 4 to 16 year sizes.

Here are Smart School Fashions For You—Coats \$19.75 Frocks, \$8.95

In the Junior Girls' Section (Bullock's Fifth Floor,) the splendid school preparation is delighting girls 6 to 14. Girls between these ages are receiving more fashion attention than they have for years. You can see that by the especially clever clothes in this popular Bullock section. Just three representative outfits are sketched.

A coat of soft wool in the camel's hair weave, very sporty at \$19.75. A smart little wool crepe dress that looks as if it's two-piece, but it isn't. At \$8.95. This comes in navy, tan, green and rust, finished with contrasting braid and buttons. And a new plaid skirt at \$6.95 (bodice top style) with a white broadcloth blouse at \$1.95.

Junior Girls' Section, Bullock's Fifth Floor

A Felt Vagabond Hat, \$7.50

On the sketch above, you'll notice this dashing little hat that the girls 6 to 14 are wearing. Bullock's Junior Millinery Section is selling many of these hats for school. In the fall shades, good felt with a pert feather. At \$7.50.

Junior Millinery Section, Bullock's Fifth Floor

School Boys Buy Corduroys at \$5

From the 6-year-old just starting to the 16-year-old finishing junior high, little boys, big boys, medium-size boys have been coming these last days before school opening for the new corduroy knickers at \$5. In the new check brown.

And while we're talking about the Store for Boys, we must mention the clever new ties and sports belts that have just arrived for school selection.

Store for Boys, Bullock's Fifth Floor

Shepard's plaid piped with red is chosen by a number of clever school dresses for girls 6 to 14 years.

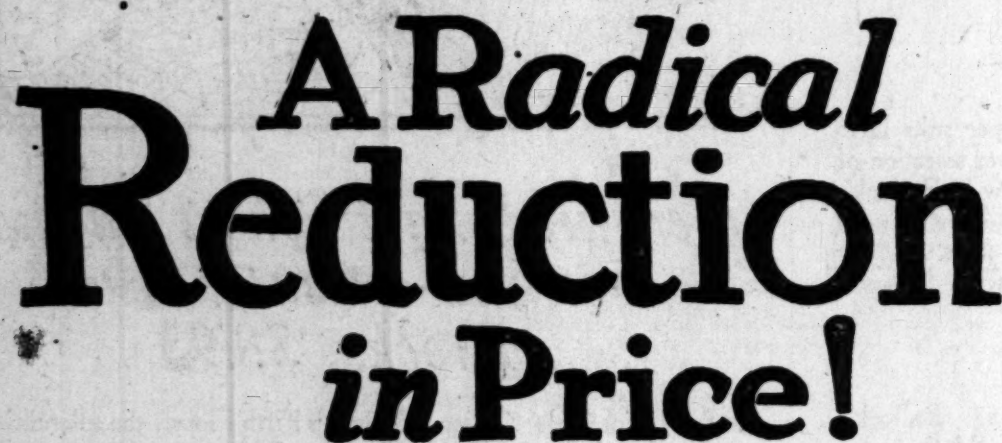

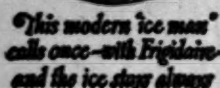

Most of Bullock's new school coats have fur collars.

Two tones of the same fabric are smart in a number of Bullock's new 6 to 14-year coats.

Flannels! Jerseys! Velvet top Dresses! Big plaids! Leather belts, Boleros. This season is a fashion season for girls 6 to 14 years—at Bullock's.

of all kinds can be bought at attractive prices by consulting—

## RABBI GETS FILM CHIEF AIDE POST

Dr. E. H. Trattner Named  
Assistant to Executive at  
Burbank Studios

Motion pictures and the church seem to be coming into closer connection with the announcement of the appointment of Rabbi Ernest H. Trattner to the post of assistant to the executive manager of First National Productions at the new Burbank studios.

Rabbi Trattner, an enthusiastic and energetic leader, is of the opinion that the new field of activity is hardly as great a departure as it at first would seem.

"The church and synagogue and the motion picture have much in common," he says. "They share the same high ideals and the screen may have even a greater influence, because its universal language has made it a dominant force in modern civilization. It therefore attracts, because of its broader scope, the entire religious leaders."

In announcing the appointment of Rabbi Trattner, Mr. Levine, speaking highly of the new appointee, said he expects the affiliation to prove one of value not only to his company but also to the film industry in general.

Rabbi Trattner came to Temple Emanuel two years ago from San Diego, where he had done excellent work in Jewish circles. Since coming here he has been prominent in many nonsectarian and civic organizations.

**Long Contract  
Ends Metro Row  
With Miss Day**

With recently-altered differences between Metro-Goldwyn-Mayer and Marceline Day, 1926 Wampas baby at an end, the actress signed a new long-term contract yesterday, according to an announcement by Louis B. Mayer.

After completing three pictures recently for M-G-M, Miss Day asserted she had entered a contract with the corporation while still a minor and, consequently, the agreement could not be held legal.

A difference in salary ideas was said to be the cause of the rift. Miss Day also said her mother had received brusque treatment at the hands of M-G-M officials and she stated she would not again work for the lot unless her mother received an apology. Whether the apology was included in the new contract was not stated by Mr. Mayer.

Miss Day will be given important parts in forthcoming productions, it was learned. Her initial role under the new contract has not yet been selected.

## Civic Boosters Indorse State Initiative Laws

Delegates of the Affiliated Improvement Associations, representing ninety improvement groups in Los Angeles county, adopted a resolution at a meeting at the Chamber of Commerce building last night which calls for the indorsement of the initiative measure creating a definite State highway system and one for better fire protection in buildings in the county.

The meeting also considered proposed amendment to the by-laws and constitution.

The organization announced through President Stace that it will not take part in any personal political campaigns.

Recently the association made a request of Mayor Cuyler that he order the Board of Public Works to place the inspector of public works under the authority of the City Engineer.

Mr. Stace announced last night this has been done and that the organization will not take part in the matter of West Adams street drain extension.

## Woman Seeking Job in Sunland Victim of Auto

Mrs. George Pfister, 40 years of age, died at the Physicians' and Surgeons' Hospital in Glendale yesterday afternoon as the result of being struck by an automobile near Sunland, according to a report filed at the Sheriff's office by Deputy Sheriff Hunter and Amstein, who investigated the accident.

Although the officers pronounced the accident unavoidable, an inquest will be conducted at the Jewel City undertaking parlors, where the body was taken. According to the report, Mrs. Pfister, who lives in Riverside, was looking for work in Sunland. She left a motorbus and stepped out of it directly into the path of a car driven by Miss Eleanor Oliver of La Canada. She was struck down and her skull was fractured, causing death within a short time.

**County Legion  
Indorses State  
Redistricting**

Unqualified indorsement of the All Parties Reapportionment Committee's measure for redistricting of the State Legislature was given yesterday by Leonard Wilcox, commander of the Los Angeles County Interstate Council of the American Legion, who announced that the State Legion has reapproved its executive committee membership in conformance with the Legion population of the State on the basis of equal representation similar to the All Parties proposed measure.

## CELL SHADOWS MAR HER MARITAL BLISS

Mrs. Constance Kinsley  
**YEAR-BRIDE  
AGAIN FACES  
JAIL TERM**

Mrs. Kinsley Arrested  
Here May Have to Serve  
Ten Days for Speeding

Suspected of driving an automobile in violation of probationary conditions imposed in San Diego recently, Mrs. Constance Kinsley yesterday was arrested at the Wilcox Hotel here and will be held for San Diego authorities.

According to Deputy Sheriff King and Kallibon, who made the arrest, Mrs. Kinsley's incarceration puts the final touch to an eventful year of married life. Her return to San Diego may cause her to serve a sentence of ten days, suspended recently when she agreed to forego the privilege of driving an automobile after a four-month suspension between Tia Juana and San Diego.

Mrs. Kinsley, who was formerly Constance Meachem, is said to have been married to Dr. W. L. Kinsley in Santa Ana.

## Wife Sues for Divorce After Row Over Dog

Jane M. Considine yesterday instituted action for divorce against John A. Considine, charging cruelty. They were married March 29, last, and separated August 30, it is stated.

The separation occurred following a row over a Pekinese dog Mrs. Considine had bought, she says. Her husband raised a disturbance when he brought the animal home so she took it back the next day, she declares. But the place was closed and he had to take the dog back home, where, it is asserted, her husband threw articles of furniture at the Pekinese and choked Mrs. Considine when she picked up the animal to protect it.

Mrs. Considine asserts her husband possesses a violent temper and once hit her on the cheek so hard that her neck was sprained.

## Prisoner to be Tried on Charge of Jail Escape

Wesley E. Hudgins, one of the first prisoners to escape from the new County Jail in the series of getaways during the early part of the year, was held to answer a charge of escape by Municipal Judge Russell yesterday. His bond was set at \$3000.

Hudgins escaped February 15 and was rearrested August 21 at Dallas, Tex. after his admission to the Sheriff's office. He was awaiting trial on a burglary charge when he escaped.

## DEATH LAID TO WYCLIFFE

Jury Finds Leap From Driverless Car Killed Wife; Complaint Today as Police Hunt Husband

J. Alvin Wycliffe, who is said to have posed as H. Bedford Jones, well-known writer, yesterday was held responsible by a Coroner's jury for the death of his wife, Margaret Morgan Wycliffe. The verdict, returned after an inquest at Scovern's mortuary, 828 South Brand Boulevard, Glendale, recommended Wycliffe's apprehension and prosecution.

According to the testimony of eye-witnesses yesterday, Wycliffe threw open the throttle of his powerful automobile and then jumped from the driver's seat, leaving the car to careen driverless down a dangerous thoroughfare with Mrs. Wycliffe and Dave Taggart, a friend of the woman, helplessly speeding to accident or destruction.

Mrs. Wycliffe jumped from the car and suffered injuries that resulted in her death, it was testified. The leap was made while Taggart, who knew nothing about driving the car, was crawling into the driver's seat and attempting to bring it to a stop.

Only five of the many witnesses summoned were called to testify by Deputy Coroner Montford. One of them, Mrs. Thelma Gurnea, identified the dead woman as Mrs. Wycliffe, known in motion-picture circles as Margaret Morgan, mother of two children acting in pictures.

Taggart, the most important witness, told events preceding the fatal leap. He stated he had an "engagem" to take Mrs. Morgan, as he knew the woman, to a theater. While on the way, he said, another man appeared and told Mrs. Morgan

## AFFAIRS OF BEACH CLUB UP IN COURT

Casa Del Mar Member in  
Complaint About Transfer  
of Cash Assets

Differences of opinion concerning the management and financial arrangements of the Club Casa del Mar at Santa Monica were brought to a head yesterday by the filing of a complaint against the E. & H. Holding Company, the club through its attorneys, Clarence M. Booth of San Francisco, and Welburn Mayock of Los Angeles. The complaint is directed against the E. & H. Holding Company, the Club Casa del Mar and a number of individuals, including E. A. Harter, T. D. Harter, F. M. Long, H. Clifford Loos, Fred Burkhardt and W. Y. Jackson.

It recites that through arrangement by the trustees the club leased its building at Santa Monica Beach for ninety-nine years at \$50,000 a year. It is asserted that the parties named the action, with the exception of the club, entered into a conspiracy about February 1, last, concerning the transfer of cash assets to E. & H. Company.

It is charged the trustees paid the E. & H. Company \$30,000 at about that time and agreed to pay an additional \$70,000. The action asks the return of the \$30,000 and cancellation of the lease and the agreement to pay \$70,000.

## FILM MAN DECORATED BY FRANCE

Director Wins Legion Cross  
for Faithful Portrayal  
of History on Screen

For the first time in history the French government has bestowed the Cross of the Legion of Honor on a motion picture director, according to dispatches received here yesterday.

René Clair, director of the film "Les Enfants du Paradis," was awarded the honor by a decree of the French government.

News of the award was received shortly after Clair arrived in New York from Paris, where he had just completed the film "Les Enfants du Paradis," which he directed. Clair, who was born in France, came to this country as a boy and won fame as a sculptor before he became a director.

## Schoolhouse Burglarizing Quiz Sought

The grand jury, when it reconvenes today, will be asked to make an investigation of the burglarizing of the La Ballona schoolhouse, according to Deputy Sheriff King.

The school was entered recently and files and records covering school affairs for several years were stolen.

The affairs of the La Ballona School have been under investigation for some time. Lloyd Kelsey, formerly secretary of the school board, was recently indicted on a charge of forgery in connection with the spending of school funds, and at present is free on bail.

## INDIAN'S CONSCIENCE LEADS HIM TO JAIL

Burdened with the knowledge of his guilt, according to his own statement, Frank L. Day, 23 years of age, an Indian, gave himself up at the Central Police Station yesterday.

"I passed a worthless check for payment on an auto, using another man's name," he told the police. "I want to make it straight. The deal was made in Riverside."

Day's admission he had committed a crime led to his arrest on suspicion of forgery and diversion of authority were notified of the arrest.

## Gov. Rodriguez Returns Home After Visit Here

After spending two days quietly visiting in Los Angeles, Gov. Rodriguez of Lower California, Mex., left the city last night. It is understood he returned to his home below the border.

Although no public announcement was made as to the purpose of the Governor's visit, it is believed he was merely a brief business trip without any particular significance.

## WOMAN FOUND DEAD BESIDE POISON VIAL

Mrs. Marie Collier, a negro, 33 years of age, was found dead last night at her residence, 1610 East Forty-sixth street, with an empty bottle which had contained poison beside her. Her husband, T. T. Collier, employed on city paving projects, told police his wife became "spontaneous" after a woman neighbor "had bawled her out."

**ASK STREET NAME CHANGE**  
The City Council has under consideration a request from the Central Improvement Association asking for the change of name of Main street and Monica avenue to Spring street and Main street and the junction with Broadway at Santa Barbara avenue.

## DIRECTOR IN CUSTODY AS CAR MASHER

Henry Lehrman Arrested  
on Charge Preferred by  
Niece of ex-Mayor

Henry Lehrman, moving-picture director, was arrested last night on a charge of disturbing the peace after Alta Sebastian, attractive young niece of former Mayor Sebastian, had complained to City Prosecutor Conner that the director had annoyed her on the street.

According to Conner, Miss Sebastian, while waiting for a bus at Santa Monica Boulevard and Vine street early on the morning of August 25, last, asserts she was accosted by two men who drove up in an expensive sedan and invited her for a ride. She walked away, she said, and the men followed and continued to annoy her.

When she reached the office where she was employed she collapsed, Conner said. The Patrolman Heck of the Hollywood station was sent for. Heck obtained from Miss Sebastian the number of the sedan and later, accompanied by the girl, entered a restaurant where she is said to have identified Lehrman.

The director has figured frequently in the local courts, where his marital troubles have been aired, and he has answered speeding and other charges.

## Suspect in Auto Theft and Sale Under Arrest

Jack Biggs, Dyer Act suspect, was arrested yesterday, the second time within the last few months, when he was taken into custody at Santa Ana upon suspicion of having stolen a car from R. L. Dean of Long Beach, and of having driven it to Louisa, where it was sold.

Elmer Biggs, his brother, and W. A. Hooper were arrested last night upon a similar charge and Biggs agreed to turn Federal evidence against them, but failed to keep his agreement, Federal officials reported.

The pair escaped conviction though evidence pointed strongly toward their operation of a wholesale car-robbing ring.

Jack Biggs will be brought to Los Angeles by Deputy United States Marshal Finn.

## Telephone Rate Cut Credit Given to Commission

Credit for obtaining reduced long-distance telephone rates between Los Angeles and eastern cities, announced by the telephone company Tuesday and effective October 1, was claimed in a statement made yesterday by Andrew Nordkog, chairman of the board of governors of the People's Telephone Commission.

The commission, Nordkog pointed out, filed a complaint with the Interstate Commerce Commission last January, charging the excessive telephone charges on long-distance calls and asking for a complete hearing to determine adequate rates.

## Pugilist Loses Decision, Then Gets Arrested

Jack Silver, pugilist, was on the wrong end of two decisions last night. He lost the first one to Paul Delatte in the ring at the Olympic Auditorium and the other to Officer L. H. White, who arrested him after he left the ring on charges of battery.

Silver was taken to the University Station, where he was released on \$500 bail. He is charged with assaulting the policeman in a street row about five months ago.

## Occupational Therapy Body Will Convene

The California State Occupational Therapy Association will convene its third annual meeting the 4th inst. at the Alexandria. The organization is a branch of the national society of that name and is affiliated with the American Occupational Association.

Progress of occupational therapy in California has been rapid since the formation of the State society three years ago, according to Miss Helen Seely, president of the local association.

## OLD CHINA CULTURE FADING

Visiting Engineer Tells City Club Smokestacks Soon  
Will Displace Famed Pagodas

Ancient culture, represented by pagodas, and modern improvements, exemplified by smokestacks, contend for supremacy in China today, with the smokestacks slowly gaining the upper hand, Paul P. Whitman of Shanghai and Tokio, told the members of the Los Angeles City Club at a luncheon where he was the speaker yesterday.

Mr. Whitman is the head of the Asia Development Company, engaged in engineering-construction work in the Orient, where he has lived for the last ten years. He is a former Californian and is here on vacation.

"The ancient civilization of the Chinese, which antedates that of Egypt, is giving way to modern ideas," declared Mr. Whitman. "The people of China possessed a high degree of civilization while the Anglo-Saxons were still primitive. Chinese philosophers, living centuries before the Christian era, have exerted a profound influence on the world's thought."

"Now western civilization is erasing the ancient landmarks of China, and the point I want to stress is that it is up to the Americans, who are at the very threshold of the Orient, to acquaint themselves with the situation across the Pacific while the change there is still in its incipency. With modern means of transportation the distance between the Orient and the Occident has been materially cut down, a fact of which the business and industrial men of this country should take advantage."

Referring to the Japanese, Mr. Whitman observed that modern progress in that country is more rapid than in China, stating that in Japan at this time smoke stacks far outnumber pagodas.

"There never was an instance in history where a people made a more rapid recovery from a great catastrophe than the Japanese have done since the earthquake," he declared.

"The country is now on a sound economic basis and it has initiated a program of industrial development that will make it a competitor of the United States in the oriental markets."

"This program was undertaken because Japan, realizing the difficulty of finding homes for her surplus population in other countries, has resolved to take care of her people in Japan. I do not regard this development as detrimental to the United States. On the contrary, I should say that it is beneficial, because it is an aid in advancing oriental progress."

In concluding Mr. Whitman suggested that the mystery which has always shrouded the Orient in the popular mind no longer obtains. "With the progress now going on in the Far East travel is increasing and before long China and Japan will be as familiar to any other nation," he said. "It occurs to me that one thing to fear is that the advances being made will have a tendency to obliterate all the old culture."

## ASSERTED POSSESSOR OF LIQUOR ARRESTED

Carl T. Shopp of 710 South Broadway was arrested yesterday by Federal prohibition agents, who asserted they found five pints of moonshine in his possession.

**MUST HAVE DUCKIE-BIRD SONG**  
Hired Man Hies Away With Secret of Melodious Tune and Tame Water Birds Fly to the Tall and Uncut Timbers

REDLANDS, Sept. 1.—"Horse" or "The Prisoner's Song" or any of the latest and most popular music will not do. "The Lost Chord" is all that will save Bill Oakes. Bill is searching for it, praying for it, trying for it and just about dying for it. It's just two or three notes that Bill wants, but they must be hung together in the right way. For those three notes placed in the proper sequence and waited over the still waters of Baldwin Lake will bring Bill's ducks coming wild he clipped their wings. All summer he had a hired man who trained the ducks to come swimming for shore at night and special feed time. A few days ago the hired man quit, and worst of all, when he quit he took his whistle with him. The next day Mr. Oakes tried to call his ducks. He tried everything from nursery tunes to "Rigoletto," but nothing would do. Only the signal of the hired man would interest the birds. They are still on the lake. And "If Winter Comes," good night. For there will be hundreds of hunters on the lake and 1500 ducks that cannot fly enough to get themselves out of the water. It is estimated that a cross between the eyes of any man, and Mr. Oakes has a deep one there.

**OPPOSED TO SUNDAY LAWS**  
Adventists in Convention at Glendale Adopt Strong Resolutions

GLENDAL, Sept. 1.—Protests against the enactment and enforcement of Sunday laws were contained in a resolution adopted today by the Seventh Day Adventists, gathered here in the annual camp meeting of the Southern California conference. The resolution was one of nine presented by the committee on plans and resolutions, the others dealing with the spiritual and temporal guidance and conduct of the members of the denomination. The conference agreed to co-operate with the Glendale Sanitarium and the White Memorial Hospital, Los Angeles, in reducing the rates for medical and surgical treatment of those who are unable to pay. The report of the Glendale Sanitarium as presented by the treasurer, James Howarth, showed that the institution is steadily continuing its work. The members of the denomination, outlined the progress that has been made in adding to the sanitarium's facilities during the past year. Elder A. G. Daniels, in his daily sermon, speaking of holiness as a preparation to meet God, urged his hearers to realize that the remedy for sin is not a prescription but a person, and that salvation must be attained by trust in Christ rather than by trust in temporal things.

**WORKER IS KILLED IN OIL FIELD**  
Los Angeles Man Loses Life Working on Rotary Rig Near Ventura

VENTURA, Sept. 1.—R. E. Wilcut, 28 years of age, a rotary helper on one of the General Petroleum Company rigs in the Avenue Field, was instantly killed early this morning when the elevator tongs on the rig struck him. Death was instantaneous as his skull was completely crushed by the force of the blow he sustained.

The accident was unavoidable, according to Superintendent N. M. Carrothers of the General Petroleum Company.

Wilcut had been in the employ of the company for the past eight days, coming to Ventura from Los Angeles. With his wife and four children, the youngest an infant in arms, he was living in a small house at the Wilson Automobile Camp near the Ventura River bridge. A. B. Bueger, manager of the rig, and J. E. Lynd, all engaged on the rig with Wilcut saw the accident. The lookout saw the rig "kick" and the men, knowing something was wrong, scattered. Wilcut was caught between the tongs and could not reach a safe refuge.

According to Deputy Sheriff William Swartz, who with Deputy Sheriff Leslie White investigated the accident at 2 o'clock this morning, Mr. Wilcut was going into Los Angeles today to undergo a serious operation. An inquest will be held at 2 o'clock tomorrow afternoon.

**CREW SOUNDS ALARM**  
Railroad Men Discover Burning Building at Porterville

PORTERVILLE, Sept. 1.—Mrs. Edna Webster had a narrow escape from burning to death early this morning in a blaze which destroyed her home, a two-story apartment-house valued at about \$6000. The alarm was given by the Santa Fe Railroad crew, who were passing the railroad yards near by as they changed shifts. The flames were burning along the roof and falling over Mrs. Webster's head when they awakened her.

This house stood on the corner of Third and Thurman and was one of Porterville's landmarks, being rented into an apartment building during recent years. The cause of the fire is not known. Insurance amounted to \$6000.

**PLAN CELEBRATION OF ARMISTICE DAY**  
For the Tulare county celebration of Armistice Day, which will be staged in Visalia this year, will be made here. At three o'clock this morning, Dr. J. E. Buckman, general chairman of the county committee, will be made a called session with the general and special committees. It is believed that plans for the pageant and monster parade will be ready for submission to the American Legion and communities at this time. Legionnaires of Visalia, Tulare, Lindsay, Exeter and Orosi-Cutler will co-operate in the county event.

**NEW MAIL SERVICE IN PACOIMA SECTION**  
PACOIMA, Sept. 1.—Beginning today, a number of patrons in this vicinity who have been receiving their mail over a San Fernando rural delivery route are being served by a route out of Pacoima. The new service affects residents southeast of Paxton avenue, with the exception of those on Mulholland street and the hill section. These will continue to be served by the old San Fernando route. The business of the local postoffice has doubled within the last year.

**ELECT NEW TEACHER**  
HUNTINGTON PARK, Sept. 1.—The Huntington Park Union High School trustees have accepted the resignation of Merle McGinnis, teacher of public speaking. Mr. McGinnis has taken up the real-estate business. Miss Maude E. Brewer, teacher in the commercial department of the high school, has been allowed a leave of absence by the board on account of the illness of her father, and Mrs. Laura Belle Bathurst has been accepted as her substitute.

**COTTON GIN IS READY FOR CROP**  
All-Steel Equipment Installed at Poplar

POPLAR, Sept. 1.—An all-steel gin being erected at Poplar, in the heart of the cotton district, by J. H. Armstrong, gin owner, is expected to be ready for operation almost any day.

This gin is a masterpiece of engineering and was manufactured by the Murray Company of Dallas, Tex. The gin is a two-story building, 20 feet high, with a capacity of 400 bales a day. It is the largest gin of its kind in the cotton belt. The gin is a masterpiece of engineering and was manufactured by the Murray Company of Dallas, Tex. The gin is a two-story building, 20 feet high, with a capacity of 400 bales a day. It is the largest gin of its kind in the cotton belt.

**Lindsay Woman Kills Huge Rattlesnake**  
Tulare County Schools Ready for New Term

POPLAR, Sept. 1.—An all-steel gin being erected at Poplar, in the heart of the cotton district, by J. H. Armstrong, gin owner, is expected to be ready for operation almost any day.

This gin is a masterpiece of engineering and was manufactured by the Murray Company of Dallas, Tex. The gin is a two-story building, 20 feet high, with a capacity of 400 bales a day. It is the largest gin of its kind in the cotton belt.

**ELECTION FAVORED BY YEGGMEN**  
Thieves Reap Harvest as Citizens of Anaheim Spend Day at Polls

ANAHEIM, Sept. 1.—Election night excitement provided a favorable opportunity for burglars, who yesterday afternoon and last night looted two hundred companies of money and jewelry. The thieves reaped a harvest as citizens of Anaheim spent the day at the polls.

**BITERS BASIS OF MYSTERY**  
Perfectly Good Slightly Used Set of False Teeth Found on Beach Present Problems to Minions of the Law

SANTA MONICA, Sept. 1.—Just what character of tale—crime, romance or dealing with oral surgery—may be involved from last night's discovery in beautiful Palmdale Park, Santa Monica's ocean-front recreation ground, cannot be foretold until police have worked out all possible plots and angles in which a full set of false teeth might form a clue.

The teeth were found in the park by Mrs. J. J. Schults of Westmoreland, Imperial Valley, while she was visiting the park. She turned them in at the police station. It is a full set, a nice set, and they show no marks of unusual violence in biting, which tends to eliminate the murder theory. Just how they became dislodged, and what transpired just before and after they became lost, strayed or stolen in the park, is the mystery which baffles Chief Webb and the best brains of his department.

**COUNCIL BLASTS VACATION PLANS**  
Pasadena Directors Unable to Get Together

PASADENA, Sept. 1.—Because the Board of City Directors was deadlocked again today over the relatively unimportant matter of electing a substitute City Manager during the two weeks' leave of absence granted the City Fathers last week, the City Council has decided to adjourn until the 15th inst. to elect a substitute City Manager.

Yesterday's "horse-play" session was repeated again this morning when the City Fathers met at an adjourned session. Each faction attempted twice to elect its candidate without success, the vote standing 3 to 2 in each instance, as was the case yesterday.

Directors Wadsworth, Loomis and Thomas supported Chairman F. B. Cole for the two weeks' job, while Directors A. N. Cole, Eastbrook and Newcomer backed Warren C. Bate, City Engineer. Chairman Cole refused to vote. The customary argument took place, with neither side willing to concede a point.

Finally Eastbrook moved that the City Fathers meet on the 15th inst. to elect a substitute City Manager. This motion was carried, and the meeting adjourned.

Under the provisions of the charter, it is declared that the only way out of the situation was for him to remain at home, and stated that he would forego his vacation.

**BOND ISSUE DEFEATED**  
Pasadena's Dream of Civic Center Held Up by Negative Vote at Tuesday's Election

PASADENA, Sept. 1.—Complete but unofficial returns tabulated today show that the much-touted \$1,250,000 bond issue proposal to build a new civic auditorium for Pasadena was defeated in yesterday's election. The proposal received a majority of affirmative votes but lacked the necessary two-thirds margin, the count standing 7878 in favor of the project and 8181 against it.

Thirty-nine of the 122 precincts returned an actual majority against the bonds. Most of the strong opposition came from outlying sections which have been annexed to the city recently in the extreme east and north-west. The chief reason given by the opposition, which was virtually unheard from in the preliminary campaign, was lack of confidence in the present Board of City Directors. Bate was an active member of the opposition and was one of the few who were not nearly completed and the auditorium was to have been built on the site of the old city hall.

The \$250,000 bond issue proposal for a new outdoor sewer in La-Manda Park and for improvements in existing sewerage facilities in other sections of the city carried by a large margin.

**Crossing Crash Kills Resident of Culver City**  
GLENDAL, Sept. 1.—(Exclusive)—While driving his automobile across the Southern Pacific Railroad tracks between Grand View Road and Doran street late yesterday afternoon, Jean T. Bate, proprietor of a nursery at 3514 Carrington street, Culver City, was killed by a freight train.

His body was taken to the Jewell City undertaking parlor pending an inquest.

**RECEIVES PROMOTION**  
Edison Company Employee Goes to Santa Barbara

PORTERVILLE, Sept. 1.—Ralph R. Wallbridge, manager of the Porterville office of the Southern California Edison Company for the past seven years, has been transferred to the Santa Barbara office. The change is effective today.

Mr. Wallbridge has been active in promoting the city's water supply project. He will take up his new duties at once.

Mrs. Bate was an active member of the Opportunity Club here and was also interested in the Thrift Shop, a philanthropic organization. She leaves a brother, Anthony Lindsay of Butler, Mo., and four nephews, W. J. Lindsay of Pasadena, C. E. Wallbridge of the Porterville office of the Edison Company, and Harold Torrey of Los Angeles, and Frank Torrey of Medford, Or. Funeral services will be held Friday morning at the chapel of Lamb & Salisbury.

**HANLEY NEW HEAD OF HIGHWAY ASSOCIATION**  
VAN NUYS, Sept. 1.—New officers for the Victory Boulevard Improvement Association have been elected. They are Robert L. Hanley, president; E. W. Hosham, vice-president; Charles Goldman, secretary; and A. D. Dolan, treasurer. The association is sponsoring the proposed continuation of Victory boulevard from the west end of Van Nuys to the western end of San Fernando Valley, and the ultimate completion of the boulevard on the east side of the city.

**FULL GAME BAGS ON OPENING DAY**  
REDLANDS, Sept. 1.—Doves were plentiful this morning and scores of hunters here returned with the limit of fifteen or more to it. But the birds were scarce in the morning and they say that already the birds are becoming wild and that they are being shot in the morning. The birds are being shot in the morning and they say that already the birds are becoming wild and that they are being shot in the morning.

**ACCUSES AUTHOR**  
GLENDAL, Sept. 1.—(A)—A verdict holding J. Alvin Wyckoff, who is accused of having posed as a widely known writer, was returned today by the jury in the case of the author of the book "The Life of J. Alvin Wyckoff." The jury found that Mr. Wyckoff had posed as a widely known writer and had obtained a large sum of money from the publisher of the book.

**DOWN GOES TAX RATE**  
SAN FERNANDO, Sept. 1.—San Fernando's tax rate will be reduced 5 cents next year, according to the decision of the City Council. The old rate was \$1.95 per \$100 of assessed valuation. The new rate will be \$1.90.

**TO HEAR COMPLAINT**  
TERESA BELLA, Sept. 1.—The board of directors of the Teresa Bella Irrigation district will meet Saturday, September 4th, as a board of equalization. Any parties owning property in the district may appear before the board or petition the board by letter, for a change of valuation of the property.

**STOP FOREST FIRE**  
SPRINGVILLE, Sept. 1.—A small fire which broke out below the camp Nelson-Douglas Springs road just before 10 o'clock yesterday, was extinguished. Frank Witt of the Coffee Camp control station was notified by motorists who first endeavored to put out the blaze but failed. It was a foggy damp morning in the hills and the flames had made but little headway before being extinguished. It is believed to have been set by a match or cigarette.

**INDICATIONS OF OIL**  
TIPTON, Sept. 1.—Oil indications being declared most promising, drilling has been resumed at the well of the Federal Exploration company southwest of Tipton, following a two weeks' delay to permit setting of the cement and shutting off of water. Casing has been landed at 1260 feet and a heavy shale struck, similar to that encountered in the Poco Creek field. The company is prepared to thoroughly test the field if oil is found before that depth is reached.

**STATE FAIR EXHIBIT**  
VISALIA, Sept. 1.—Final shipment of the Tulare county exhibit to the State fair has been made by A. E. Miot, secretary of the county board of trade. This shipment comprised a truckload of young sequoias and other mountain greenery and scenic effects which will form a background for the county exhibit at the State fair.

**WHOLE SHOW ORDERED TOWED FAR OUT TO SEA**  
SANTA MONICA, Sept. 1.—It's a fish story, but strong enough to warrant the telling. It bears witness to the fact that the fish are scarce. Last night Detective Sergeant Anderson, of the Santa Monica Police Department, ordered a whale show to be towed far out to sea. The show was a three-mile limit show, and the whale was a very large one. The show was ordered to be towed far out to sea because the whale was a very large one and the show was a three-mile limit show.

**BOOST WATER SUPPLY**  
Anaheim Pits to Use New Wells Recently Purchased

ANAHEIM, Sept. 1.—Anaheim water supply will be greatly boosted with the "tying in" of one of the new city wells near the gear factory, some time the latter part of this week, according to announcement this morning by City Manager J. W. Price.

This well will be kept running each day, and the water will be used for the fire department. The water will be used for the fire department and the water will be used for the fire department.

**PUG DOGS TO RETURN AS SOCIETY DARLINGS**  
LANEKSHEIM, Sept. 1.—Entries closed tonight for the San Fernando Valley bench show which is to be conducted in the large cannery building here on the 10th and 11th inst. Committees in charge of the big dog show today state that they expect almost 1000 dogs of various breeds and classes in the exhibition. Some of the costliest canines in the West will be up for prize by Mrs. Thomas Brierly is chairman of the bench show committee. She is being assisted by Mrs. Madeline A. Elkins, Mrs. Richard O. Shute and Mrs. George Lewis.

Among some of the best dogs to be shown will be some of the daughters of the finest police dogs in the world. Monkey-faced dogs, imported from Belgium and bred in Laneksheim will be among the feature benches. A large section also will be devoted to pug dogs, a breed that was a society darling about thirty years ago, and which is reported as again "coming into style."

**GIN FIRST COTTON AT TIPTON PLANT**  
TIPTON, Sept. 1.—Following ginning of the first bale of cotton of the season at the Tipton gin, preparations are being made for full-time operations in the near future. The gin was grown on the Robert F. Wayne ranch, near Tipton. While the cotton acreage near Tipton has been increased less than in 1925, more perfect crop conditions indicate a heavier yield per acre with the promise of exceeding last year.

**FORCED TO COMMIT CRIME**  
Indian Tells Pitiful Story to Officers Who Find Him in Hiding in Ventura County

VENTURA, Sept. 1.—A pitiful story of being stripped of his clothing, assaulted and forced by two tramps, at the point of a gun, to break into a store and lumbur company at Santa Susana a few days ago, was told to Deputy Sheriffs Ayala and White last night by an aged Oklahoma Indian, whom the officers found hiding in fear at the home of a rancher near Santa Susana.

The Indian, who did not give his name, but who said he had escaped from an asylum in Oklahoma, and made his way to California as the first lap of a "journey of the world," told the officers that he was forced from a train several days ago by two white fellow-bobos, ordered to break into the Ravine General Store at Santa Susana and steal about \$30 worth of merchandise, consisting mostly of tobacco, and \$20 in cash, and then ordered to return to the train.

The Indian said he was then taken to a ranch near Santa Susana, where he was kept for several days. He said he was then taken to a ranch near Santa Susana, where he was kept for several days. He said he was then taken to a ranch near Santa Susana, where he was kept for several days.

**SEEK IDENTITY OF ACCIDENT VICTIM**  
SANTA MONICA, Sept. 1.—Police tonight were endeavoring to locate relatives or friends of an elderly man whose body was discovered late today opposite Dell avenue near Venice Boulevard, Santa Monica, after they had been struck by a Venice street car. From papers found in his pocket police believe him to be William J. Skinner, retired Southern Pacific Railroad engineer, who lived in Oakland. His body is being held by Sheriff N. L. Underhill.

**RANCHER'S WIFE DIES**  
PORTERVILLE, Sept. 1.—Mrs. Frankie Walton, 37 years of age, wife of John Walton, prominent rancher here, died this morning at the home of a daughter in Santa Cruz, according to word received here. The remains will be shipped to Loyola's funeral parlors in this city for the last rites, with interment in the family plot near here.

Mrs. Walton is survived also by two daughters in Porterville, Mrs. F. A. Walker and Mrs. A. W. Bonine, a son, Roy Walton of Alameda, her mother and a brother in Seattle, and two sisters in this city, Mrs. H. B. Beak and Mrs. A. C. Kennedy.

## STRIKE ORDERED BY MUSIC UNION

Orpheum and Hillstreet Theaters Affected

Open-Shop Players Ready to Fill Vacancies

Walkout Edict Declared to Violate Contract

Characterized by theater managers of the city as a move to bolster the strike started yesterday in San Francisco, notice was served on the management of the Orpheum and Hillstreet theaters here last night that their unionized orchestras will walk out Saturday night.

The notice in the form of a letter signed by H. P. Moore, recording secretary of the local musicians' union, quoted the strike order as originating from Joseph M. Weber, president of the International Musicians' Mutual Protective Association, and ordering similar action in all theaters controlled by the Orpheum Circuit.

The managers of the two local theaters affected by the order last night declared they are ready to meet the walkout, and will be ready with other orchestras to carry on for the Sunday shows. The general situation, according to Frank L. Newman of the Public Theaters, Inc., means that all other theaters in Los Angeles, members of the Theater Managers' Association, will stand behind the Orpheum theaters.

**VIOLATES CONTRACT**  
John J. Kelley, secretary of the Theater Managers' Association of Los Angeles, said the theater managers are prepared for any contingency and can put complete orchestras, stage crews or motion-picture booth operators into action at a moment's notice.

The spread of the San Francisco strike to Los Angeles was criticized last night freely, as the local union now has in effect a contract with the theater managers that still has one year to run and which carries a clause providing two weeks' notice in the event of a strike such as has been ordered in the Orpheum houses.

**SAN FRANCISCO, Sept. 1. (Exclusive)—**In spite of the walkout of musicians, stage hands and motion-picture operators, the sixty-odd theaters affected in San Francisco today gave their usual performances. The "mainline" signs were on display at the regular places and the crowds in attendance were reported to be up to the usual numbers.

The outward calm of the situation was reflected by the attitude of both sides of the controversy. The managers, members of the Allied Amusement Industries, in many cases were compelled to take a hand at setting the stage, while in other houses they were on hand as usual to greet their patrons.

**FULL CREWS TODAY**  
Full crews of musicians, stage hands and operators are expected to be on the job tomorrow, according to the spokesman for the theater managers, Col. Charles E. Bray, who said:

"We have no quarrel with the operators or stage hands. The theaters have contracts with those unions which have a long time yet to run, yet they walked out of the job today without previous notice. Not only do we have no quarrel with the operators or stage hands, but we are prepared for any contingency and can put complete orchestras, stage crews or motion-picture booth operators into action at a moment's notice."

**PROTECT Your Doctor and Yourself**  
**DEMAND PHILLIPS' Milk of Magnesia**

SAY "PHILLIPS" to your druggist, or you may not get the original Milk of Magnesia prescribed by physicians for 50 years. Refuse imitations of genuine "Phillips". 25-cent and 50-cent bottles contain full directions and uses.

"Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1876.

## FIRST WEDDING IN TEMPLE

The lodgeroom of the Elks' Temple opposite Westlake Park yesterday afternoon was the scene of the wedding of Miss Anna Mayo and Gail Smith of San Jose, Rev. Neal Dodd of the Little Church Around the Corner, in Hollywood, officiating. This was the first wedding ceremony solemnized in the new building.

The bride, a niece of Paul C. Reed, withstanding the absence of the regular crew, every theater in San Francisco opened on time this afternoon with no hitches to the regular performance. Where music was necessary, they got through with organs or pianos. All of the positions vacated will be filled tomorrow.

The technical staffs necessary to run the motion-picture theaters, it is understood, are coming chiefly from Los Angeles, being supplied from the studios, many of which have a direct interest in pictures now running here.

Only one theater, the Capital was not hit by the walkout. The manager, Lee Morris, stated that his house is not a member of the Allied Amusement Industries. Some twenty theaters in outlying sections of the city and too small to employ orchestras, are not affected by the walkout, the operators remaining on the job.

**FOUR COUNTIES AFFECTED**  
The strike hits practically all of the theaters in four counties, San Francisco, San Mateo, Alameda and Marin, the employees being under the jurisdiction of the local unions.

In Oakland, the managers announced that a large number of applications from musicians have been received and it was stated that by another day, most of the houses will be giving the usual musical programs.

Four men were arrested for violating the anti-picketing law. Edward Crawford was arrested in front of the Granada Theater, and released on \$100 bail furnished by Willie Meehan, the boxer. Thomas Hamilton and Frank Smith were arrested at the New Mission Theater, while Charles Garcia was taken at the Wigwam Theater. The three later were released on \$50 bail each.

Both sides of the controversy issued statements. Albert A. Greenbaum, secretary of the musicians' union, said:

"The controversy hinges entirely upon the right of the musicians to secure one day of rest in seven. Our organization stands firmly for this principle and we believe that this right, given to all other employees, should not be denied to musicians. We are prepared to keep our members out of the theaters of San Francisco until this principle is accorded to us."

**SEE HIGHER WAGE**  
Col. Bray for the managers issued the following statement:

"The demands of the musicians' union for increase in salary of from 15 to 40 per cent with a reduction of working hours from six and a half hours to six hours a day was so obviously unfair that the managers found it impossible to grant the increase without being forced to increase the price of admission or face financial ruin."

Notable is known here as a sympathetic strike by Los Angeles unions but the controversy is presently in operation every day—the largest railroad operation in America.

**The Broadway—newly equipped as leader of this great fleet**

**NEW STANDARDS in travel luxury are established by the 1926 Broadway, the Pennsylvania's famous 20-hour train to New York.**

Professional decorators have designed each interior, developing a new color scheme of soft, cool green, as a background to tapestried furniture, deep rugs, shaded lights, flowers—creating a sure of roomy cars that have the air of a restful club.

## TICK IN FLESH FIFTEEN YEARS

Minor Operation Necessary to Remove Lump From Man's Hip

**FLIPPIN (Ark.) Sept. 1. (Exclusive)—**Dr. Pertle has just removed a tick from the hip of P. C. Calliston that the latter said had been imbedded in his flesh for the last fifteen years.

For years Mr. Calliston had been bothered with a small lump on his hip, that sometimes became inflamed and sore. Recently he had the physician perform a minor operation and removed it.

The tick was found in a piece of hard cartilage that had formed around it.

**NO DISPUTE**  
The theatrical man said yesterday they have no dispute with any of the unionists, but that there is a dispute in San Francisco between union agents and representatives of the national organizations operating theaters both in the Bay City and Los Angeles.

Secretary Moore of the local musicians' union, which principally is interested in the strike, said that the local union in San Francisco, said local musicians have not been ordered out on a sympathy strike. Theater managers, however, have no fear of such a strike as they readily can and will replace deserting union employees with "free" musicians, stage hands and machine operators.

**W. L. Ramsaur's Funeral Service This Afternoon**

Funeral services for Will L. Ramsaur will be conducted at 10:30 a.m. today from the Peck and Chase Undertaking Company, 1213 South Figueroa street.

Mr. Ramsaur, who was practicing law in San Diego, was killed by the accidental discharge of his rifle while preparing to go on a hunting trip. He was a member of a pioneer family and attended Lincoln High School and the college of law, University of Southern California. He was a member of Sigma Nu Phi legal fraternity and of Ramona Parlor 109, Native Sons of the Golden West.

Mr. Ramsaur leaves his mother, Mrs. Pearl Ramsaur, and a sister, Mrs. Genevieve Ramsaur Dunlap.

**MOTOR-ENGINEER ADDRESS**  
Ethelbert Pavary, consulting engineer for the Moreland Motor Truck Company, will speak on "Recent Advances in Motor-Vehicle Engines" at noon today at the weekly luncheon of the Joint Technical Societies. The engineers will meet in the French Room at the Broadway Department Store safe at 12:15 p.m.

No date has been set for the start of the production. Bell states that from two to four months will be required for the preparatory work. Wallace Berry, as has been previously announced, will play Barnum.

**Laskey's New Juvenile**  
Gary Cooper, considered by Paramount officials as one of the most promising finds of the season, has been awarded a long-term contract with that organization and cast for a prominent role in "Wings."

The new juvenile player first came to the studio's attention through his performance in "The Winning of Barbara Worth." In the latter production the usual screen test, however, he was made to face a "barage" of studio executives and was found to be a capable and promising actor.

For now he is back, production of the series of "Helen and Warren" comedies at Fox's starts again, with Miss Perry as the lead.

**CLARA BOW**  
The picture from the novel by Sinclair Lewis.

**DECLINES TO LEAVE**  
NEW YORK, Sept. 1. (Exclusive)—Lowell Sherman has refused a picture contract with Robert T. Kane Productions that would have taken him out of New York and to the Bahamas during the months of December and January. Sherman, however, opens in a legitimate production, "Women Disputed Among Men," on the 19th inst. Mr. Sherman gives as his reason for declining the offer is that he will not leave New York during the engagement of the Guttry, who will be playing on Broadway at the time that he would have to be away.

**CREATES NEW DEPARTMENT**  
With the leasing of the George M. Cohan Theater in addition to the Criterion and Rialto theaters, which are now Paramount long-run houses, the Paramount organization announces the creation of a department for the exploitation of pictures that will first-run in these Broadway theaters and later be sent out as road-show attractions.

**SCOTTISH CLANS OUTING**  
Thousands of members of the Order of Scottish Clans will meet next Monday at Eagle Rock Park in a Labor Day reunion, according to announcement of Clan Cameron, No. 192, yesterday. A program of field sports, Scottish national games, Highland dancing and bagpipe-playing contests will be staged.

## POLA NEGRIN HALL CAINE STORY

Roland V. Lee Will Direct Star in "Woman of Knock-Loe," Monta Bell Signs for Barnum Film; Juveniles Join Paramount, First National; Kosloff in "King of Kings"

**BY HERBERT MOULTON**  
Hall Caine's dynamic war story, "The Woman of Knock-Loe," has been chosen as starring material for Pola Negri. It has been directed by Roland V. Lee.

This is Dimitri Buckweitz's first production since joining M-G-M. Roy D'Arcy will play the part of the hero, and Lloyd Hughes, borrowed from First National for the role, is playing the hero.

**LARRY KENT SIGNS**  
First National has a new juvenile leading man in Larry Kent, according to John McCormick, general manager of that company. Kent, who has just signed a long-term contract with that organization, has been playing opposite Alberta Vaughn at P.B.O. in a series of two-reel comedies.

No announcement has been forthcoming as to his first role at the Burbank studio, but it is known that he is scheduled to appear in some of First National's most pretentious productions.

**WILL PLAY "HEAVY" COMEDY**  
Universal has decided to inject comedy into "The Wrong Mr. Wright" on a weight basis.

Accordingly, they have signed up 346 pounds of fun in the person of Walter Hiers, who will play a featured role in Jean Herschell's new starring picture.

Hiers recently completed work in "Hold That Lion," the Douglas MacLean comedy, and lost no time in hurrying over to Universal for "The Wrong Mr. Wright."

Scott Sidney, director of the picture, is a graduate of the same comedy school as Hiers—the Christie lot. Both worked there for more than two years.

Production of "The Wrong Mr. Wright" will begin on the 7th inst.

**Represents Studio at Radio Show**  
When the radio show opens at the Ambassador Sunday, the Hal Roach studio will be represented by one of its newest comedians, Virginia Rye.

Miss Rye, who has lately appeared in several Roach comedies, will be one of three leading ladies in the Roach booth at present at the Christie lot.

Another Vacation Ended  
This is the time of year when somebody is always coming along and writing "Fins" to one's vacation.

The latest instance of this is the return of Allen Forrest, who has been playing in "S. V. U. M. Bachelors" in New York for Fox. No one was sorry to see him return, of course, but his homecoming nevertheless terminated the vacation of Kathryn Perry, his screen "wife."

For now he is back, production of the series of "Helen and Warren" comedies at Fox's starts again, with Miss Perry as the lead.

**CLARA BOW**  
The picture from the novel by Sinclair Lewis.

**DECLINES TO LEAVE**  
NEW YORK, Sept. 1. (Exclusive)—Lowell Sherman has refused a picture contract with Robert T. Kane Productions that would have taken him out of New York and to the Bahamas during the months of December and January. Sherman, however, opens in a legitimate production, "Women Disputed Among Men," on the 19th inst. Mr. Sherman gives as his reason for declining the offer is that he will not leave New York during the engagement of the Guttry, who will be playing on Broadway at the time that he would have to be away.

**CREATES NEW DEPARTMENT**  
With the leasing of the George M. Cohan Theater in addition to the Criterion and Rialto theaters, which are now Paramount long-run houses, the Paramount organization announces the creation of a department for the exploitation of pictures that will first-run in these Broadway theaters and later be sent out as road-show attractions.

**SCOTTISH CLANS OUTING**  
Thousands of members of the Order of Scottish Clans will meet next Monday at Eagle Rock Park in a Labor Day reunion, according to announcement of Clan Cameron, No. 192, yesterday. A program of field sports, Scottish national games, Highland dancing and bagpipe-playing contests will be staged.

Committee Formed Here to Raise Fund for Tsuda School for Women

**SYNAGOGUE DEDICATED**  
Ceremony Set for New House of Congregation

**WALTS CONTEST**  
EMILY FITZROY Guest

**Following a luncheon yesterday at the Cokitona Club, a Tsuda College committee for Southern California was formed. The luncheon was given by Mrs. Frank A. Vanderlip in honor of Mrs. Kyutaro Akiba of San Francisco, a sister of Mrs. Ume Tsuda, founder of the Tsuda College for Women at Tokio.**

Committees in various American cities are raising \$500,000 to rebuild the college, which was destroyed by an earthquake. Those present at the luncheon in addition to the hostess and guest of honor, included: Mrs. Willoughby Rodman, Mrs. Gordon W. Wattles, Mr. Raphael Hermann, Mrs. Susan Orcutt, Mrs. W. W. Orcutt, Mrs. George Frederick, Miss Monica Rallsback, Mr. C. M. Gordon, Mrs. J. E. Cowles, Dr. C. W. Scott, Dr. Roy Malcolm, Mrs. Arthur Bent, Mrs. O. P. Clark, Mrs. Jay Leary, Mrs. Hancock Banning, Miss Anna Meeker, Dr. James A. B. Scherer, Mrs. J. A. B. Scherer, Miss Mollie Brown, Mrs. Robert Phillips, and Miss Mercedes Vanderlip.

A meeting to organize the committee will be held at Mrs. Vanderlip's home on the Palos Verdes Ranch, on the afternoon of the 12th inst., after which tea will be served. Those who have accepted membership on the committee are: Mrs. O. P. Clark, Mrs. Eldridge Fowler, Dr. and Mrs. Robert Freeman, Mrs. Roy Jones, Mrs. Willoughby Rodman, Dr. and Mrs. Robert Millikan, Mrs. W. W. Orcutt, Dr. and Mrs. James A. B. Scherer, Mrs. George Frederick and Dr. and Mrs. G. W. Scott. Mr. Allan C. Balch is treasurer of the committee.

**Squaw Man to Relate Marital Woes in Court**  
The tale of the romance and troubles of a "Squaw Man" will be related in the Superior Court, it developed yesterday, as the result of the filing of a suit for separate maintenance against the defendant, David Jensen, by his wife, Mrs. Jensen. The plaintiff in the action is Roaming Pawn Jensen daughter of Running Deer, Navajo chief. And the "other woman" is Sun Flower. Besides naming Sun Flower in the role of rival for the plaintiff's affections, Roaming Pawn will ask the court for the custody of her child, Sleeping Turtle and Jumping Frog.

In behalf of Jensen, his attorney, George Damon, yesterday said Sun Flower, said her life only in the capacity of housekeeper for Jensen and little Sleeping Turtle and Jumping Frog at a time when Roaming Pawn had gone roaming and had stayed away five years.

Damon explained that Jensen, who he said is a relative of Gutzon Borglum, the sculptor, came to the United States from Denmark in 1914, and started painting scenes from Indian life in Arizona. It was there that he met Roaming Pawn. He used her for model, they fell in love and married.

Damon declared that Jensen will show that the separation will be on Roaming Pawn's initiative.

**LIP-READING CLASSES**  
TO BE FORMED SOON

Free classes in lip-reading for the adult deaf of hearing will be organized next Tuesday at the following schools: Georgia-street school, from 1 to 4 p.m. every day except Saturday, and evening classes from 7 to 9 o'clock, five evenings a week.

The part-time High School on Sixteenth street, between Hill and Grand avenues. Miss Florence Messer is in charge of these classes.

**Woman's Poverty Heart of**  
Plea that she should be clothed for her husband's probation for years of age, who had to charge of her children.

Mrs. Damon testified recently and that she was in want.

Judge Roaming Pawn sentenced her to a fine of \$200, then sentence and placed her in prison for two years.
